

APPENDIX 5E

COMPLETED INVENTORY AND CONDITION FORMS FOR DEVELOPED AND DISPERSED RECREATION SITES AND USE AREAS

Site Name	Link River Trail	Date	8-6-01	
		Researcher	CHC	
Operator	PacifiCorp	Photos	2	4-7
			Roll	Number

RECREATION FACILITIES

CAMPING

- Pay station/self-serve (s) or staffed booth (b)
- Group campsite
- Primitive campsite
- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:
 No Camping
 "National Trails System" small sign on info. board (Link Pier Recreation Trail)

 Pets allowed on leash only

DAY USE/PICNICKING

- Picnic table/accessible (a)
- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:
 another bench along trail at dam; view blocked by vegetation

 no trees – need a few!

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

NOTES:

BOATING & FISHING

- Boat ramp (# lanes)
- Car-top boat ramp
- Marina (# boat slips)
- Courtesy dock
- Service dock
- Breakwater/floating boom
- Navigation/information buoy
- Shoreline fishing access/accessible (a)
- Pier/dock fishing/accessible (a)

NOTES:
 Upper Klamath Lake

 4 ADA fishing "pads" – one accessible from parking area, other 3 are behind locked gate with sign that says persons wishing to use should contact Pacific Power Klamath District Office (no phone number given!)

RECREATION ACCESS

VEHICULAR

Main paved access road	<input type="checkbox"/>
Secondary gravel or dirt road	<input type="checkbox"/>
Single vehicle parking/# spaces or undef. (u)	<input type="text" value="U"/>
Boat trailer parking/# trailers and vehicles	<input type="checkbox"/>
Extra car parking	<input type="checkbox"/>
Accessible parking space	<input type="checkbox"/>

NOTES:
 no road; pkg area accessed directly from city street
 asphalt, undefined, 4 wheelstops
 room for 15 vehicles at a 90 degree angle
 no parking on south side; cars use side of road; room for 10 cars

 turnstiles on both ends – strollers are hard
 bicycles and motor vehicles prohibited!

PEDESTRIAN

Path to facilities/accessible (a)	<input type="text" value="Ya"/>
Multi-use trail	<input type="text" value="Y"/>
Trail sign	<input type="text" value="Y"/>
Trailhead parking	<input type="text" value="Y"/>

NOTES:
 path to ADA shoreline fishing pads although probably not technically
 accessible due to slope; stairs (RR ties) only to grass area; access
 to trail gated; ped. access only through turnstile

HEALTH AND SAFETY SERVICES

SANITARY

Restroom facility	<input type="checkbox"/>
Toilet building	<input type="checkbox"/>
Toilet/pit (p), vault (v), flush (f), portable (x)	<input type="checkbox"/>
Accessible restroom facility	<input type="checkbox"/>
Accessible toilet building	<input type="checkbox"/>
Accessible toilet/same categories as above	<input type="checkbox"/>
Disposal station/boat (b) or RV (r)	<input type="checkbox"/>

NOTES:
 sign says to use restrooms at Veteran's Memorial Park

UTILITIES

Water faucet	<input type="checkbox"/>
Drinking fountain	<input type="checkbox"/>
Hot water	<input type="checkbox"/>
Shower	<input type="checkbox"/>
Trash receptacle	<input type="text" value="2"/>
Trash dumpster	<input type="checkbox"/>
Grey water sump	<input type="checkbox"/>
Telephone	<input type="checkbox"/>

NOTES:

OTHER SERVICES

Caretaker/camp host/manager	<input type="checkbox"/>
Firewood distribution	<input type="checkbox"/>

NOTES:
 PP & L signs 1 – welcome, 1 – regulations, 2 – pets, leash, 1 - ADA

Site Name	Veteran's Memorial Park	Date	8-6-01	
		Researcher	CHC	
Operator	Klamath Falls Parks & Recreation Dept.	Photos	1/2	37,38/1,2
			Roll	Number

RECREATION FACILITIES

CAMPING

- Pay station/self-serve (s) or staffed booth (b)
- Group campsite
- Primitive campsite
- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:

- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:
Very steep site (down to reservoir).

DAY USE/PICNICKING

- Picnic table/accessible (a)
- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:
Naturally wooded, no grass.

Some natural grass by shoreline.

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

NOTES:
Swimming likely occurs. Water is deep and there is a good rock for jumping.

BOATING & FISHING

- Boat ramp (# lanes)
- Car-top boat ramp
- Marina (# boat slips)
- Courtesy dock
- Service dock
- Breakwater/floating boom
- Navigation/information buoy
- Shoreline fishing access/accessible (a)
- Pier/dock fishing/accessible (a)

NOTES:
Dock in conc. walkway → wood gangway → wood float → extreme slope down to dock

Shoreline footpaths provide fishing access

RECREATION ACCESS

VEHICULAR

Main paved access road
Secondary gravel or dirt road
Single vehicle parking/# spaces or undef. (u)
Boat trailer parking/# trailers and vehicles
Extra car parking
Accessible parking space

NOTES:

Fairly steep gravel road leads down to site (takes a switchback).

Dirt road leads from upper camping area to main road; vehicle access blocked by boulders although tire tracks are on road

PEDESTRIAN

Path to facilities/accessible (a)
Multi-use trail
Trail sign
Trailhead parking

NOTES:

No formal pathways

RECREATION FACILITIES

CAMPING

Pay station/self-serve (s) or staffed booth (b)	free
Group campsite	
Primitive campsite	
Developed campsite	13
Accessible campsite	
Overflow campsite	
RV hookup site/full (f) or partial (p)	
Campground amphitheater	
Campground shelter/kitchen	
Rental cabin/bunkhouse	

NOTES:
 Each campsite has a table, fire ring, and parking space. Sites are separated by boulders. No tent pads – gravel sites.
 DUA is under-utilized – picnic tables are spaced WAY out.

DAY USE/PICNICKING

Picnic table/accessible (a)	5
Playground/activity area	
Interpretive display	1
Bench	
Fire ring/constructed (c) or user-defined (u)	1c,5u
Cooking grill	3
Shade trees (t)/grass area (g)	

NOTES:
 Two picnic tables with cover; three without.
 Sign about the Wilkes Expedition, Sisk. Co. Historical Soc.
 Need trees in OF & DUA!!

SWIMMING

Designated swim area with markers	
Swimming beach	
Safety sign or apparatus	

NOTES:
 Nothing designated although probably used for swimming – algae heavy.

BOATING & FISHING

Boat ramp (# lanes)	
Car-top boat ramp	
Marina (# boat slips)	
Courtesy dock	
Service dock	
Breakwater/floating boom	
Navigation/information buoy	
Shoreline fishing access/accessible (a)	
Pier/dock fishing/accessible (a)	

NOTES:
 Second dock at end of jetty has rickety wooden gangway and wood float.
 No ramp, metal bollards block vehicle access.
 Boram ramp conc. ties; approx 20' wide wooden walkway (4'w) → wood gangway (4') to conc. float (8')

RECREATION ACCESS

VEHICULAR

Main paved access road
Secondary gravel or dirt road 1
Single vehicle parking/# spaces or undef. (u)
Boat trailer parking/# trailers and vehicles
Extra car parking
Accessible parking space

NOTES:

Gravel interior roads.
Some room for extra parking on sides across from campsites and near boat ramp

HUGE overflow area

PEDESTRIAN

Path to facilities/accessible (a)
Multi-use trail
Trail sign
Trailhead parking

NOTES:

Gravel pathway to toilet bldg.

- Pay station/self-serve (s) or staffed booth (b)
- Group campsite
- Primitive campsite
- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:
site slopes down to water

DAY USE/PICNICKING

- Picnic table/accessible (a)
- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:
Four tables are with fire rings – potential campsites
Four fire rings sit by themselves.
One table has a user-defined fire ring

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

NOTES:
Nothing designated though could be used.
Grassy area near dock.

BOATING & FISHING

- Boat ramp (# lanes)
- Car-top boat ramp
- Marina (# boat slips)
- Courtesy dock
- Service dock
- Breakwater/floating boom
- Navigation/information buoy
- Shoreline fishing access/accessible (a)
- Pier/dock fishing/accessible (a)

NOTES:
No wake zone for cove.
There is a concrete block/pad/walkway which leads to a wood gangway to a wood T-shaped float – no tie-ups.

Potential hand launch site blocked by lg boulders
Potential hand launch site on west end with vehicle turnaround for last campsite
No ramp.

RECREATION ACCESS

VEHICULAR

Main paved access road
Secondary gravel or dirt road
Single vehicle parking/# spaces or undef. (u)
Boat trailer parking/# trailers and vehicles
Extra car parking
Accessible parking space

NOTES:

Gravel / dirt access road quite steep. Interior road mostly dirt

PEDESTRIAN

Path to facilities/accessible (a)
Multi-use trail
Trail sign

Accessible toilet/same categories as above
Disposal station/boat (b) or RV (r)

NOTES:

Toilet access: up 5 steps, across road, go up 5 steps, then up slope!

UTILITIES

Water faucet
Drinking fountain
Hot water
Shower
Trash receptacle
Trash dumpster
Grey water sump
Telephone

NOTES:

OTHER SERVICES

Caretaker/camp host/manager
Firewood distribution

NOTES:

Site Name	Overlook Point	Date	
		Researcher	
Operator		Photos	
		Roll	Number

RECREATION FACILITIES

CAMPING

- Pay station/self-serve (s) or staffed booth (b)
- Group campsite
- Primitive campsite
- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:

DAY USE/PICNICKING

- Picnic table/accessible (a)
- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:
Picnic tables sit on opposite ends of the site, both do overlook reservoir.
One fire ring on shoreline.

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

NOTES:
Potential swimming spot.

BOATING & FISHING

- Boat ramp (# lanes)
- Car-top boat ramp
- Marina (# boat slips)
- Courtesy dock
- Service dock
- Breakwater/floating boom
- Navigation/information buoy
- Shoreline fishing access/accessible (a)
- Pier/dock fishing/accessible (a)

NOTES:

RECREATION ACCESS

VEHICULAR

- Main paved access road
- Secondary gravel or dirt road
- Single vehicle parking/# spaces or undef. (u)
- Boat trailer parking/# trailers and vehicles
- Extra car parking
- Accessible parking space

NOTES:

Long gravel access road.

Pkg is precarious due to slope of site (toward water)

PEDESTRIAN

- Path to facilities/accessible (a)
- Multi-use trail
- Trail sign
- Trailhead parking

NOTES:

HEALTH AND SAFETY SERVICES

SANITARY

- Restroom facility
- Toilet building
- Toilet/pit (p), vault (v), flush (f), portable (x)
- Accessible restroom facility
- Accessible toilet building
- Accessible toilet/same categories as above
- Disposal station/boat (b) or RV (r)

NOTES:

UTILITIES

- Water faucet
- Drinking fountain
- Hot water
- Shower
- Trash receptacle
- Trash dumpster
- Grey water sump
- Telephone

NOTES:

OTHER SERVICES

- Caretaker/camp host/manager
- Firewood distribution

			Roll	Number

RECREATION FACILITIES

CAMPING

- Pay station/self-serve (s) or staffed booth (b)
- Group campsite
- Primitive campsite
- Developed campsite
- Accessible campsite
- Overflow campsite
- RV hookup site/full (f) or partial (p)
- Campground amphitheater
- Campground shelter/kitchen
- Rental cabin/bunkhouse

NOTES:
 Site is broken into 3 levels, more or less:
 1. parking
 2. picnic
 3. boat ramp

 All are gravel / dirt.

DAY USE/PICNICKING

- Picnic table/accessible (a)
- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

- Playground/activity area
- Interpretive display
- Bench
- Fire ring/constructed (c) or user-defined (u)
- Cooking grill
- Shade trees (t)/grass area (g)

NOTES:
Sitting shelter in turnaround area.

SWIMMING

- Designated swim area with markers
- Swimming beach
- Safety sign or apparatus

NOTES:
Nothing designated; not deep here.

BOATING & FISHING

- Boat ramp (# lanes)
- Car-top boat ramp Y
- Marina (# boat slips)
- Courtesy dock
- Service dock
- Breakwater/floating boom
- Navigation/information buoy
- Shoreline fishing access/accessible (a)
- Pier/dock fishing/accessible (a)

NOTES:
Approx. 100' stretch of rock shoreline with access road.
No room for pkg, but car park above along road or in lg turn around area.

RECREATION ACCESS

VEHICULAR

- Main paved access road
- Secondary gravel or dirt road
- Single vehicle parking/# spaces or undef. (u)
- Boat trailer parking/# trailers and vehicles
- Extra car parking
- Accessible parking space

NOTES:

Large pulloff directly from road on a corner (hazard?). Approx 200' long, just west of bridge access.

PEDESTRIAN

- Path to facilities/accessible (a)
- Multi-use trail
- Trail sign
- Trailhead parking

CONDITION/ECOLOGICAL IMPACT FORMS

Site Name: Link River Trail Date: 8-6-01

Land Ownership: PC Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	along shoreline at ADA fishing pad adjacent to pkg area; next to bench; adjacent to stairway lots of bare spots in grass; some along shoreline between 3 rd and 4 th ADA fishing pad; near info board
Litter and Debris	glass in pkg area
Sanitation Problems	
Erosion	also btw 3 rd and 4 th fishing pad see notes – next to dam
Vegetation Damage	none
Proximity to Wetlands	unknown
Proximity to Riparian	along upper Klamath Lake, pkg area approx 30' from shoreline
Other	

Site Name: Veteran's Memorial Park Date: 8-6-01

Land Ownership: KF Park&Rec Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	grass has bare patches – could be geese
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	none
Proximity to Wetlands	N/A
Proximity to Riparian	access road from river – approx 35 ft. from shoreline
Other	

Site Name: Veteran's Memorial Boat Launch Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	parking lot landscape islands are compacted; one is all dirt, other is worn grass approx 1/2 grass area where conc. picnic table pads are is bare ground/dirt/some weeds; lots of bare ground along access road from Main St. (see Other)
Litter and Debris	
Sanitation Problems	
Erosion	along shoreline and parallel to access road from Main St.
Vegetation Damage	much of shrubbery at shoreline has been trampled and/or generally beaten up; some missing some damage along access road from Main St. including a whacked-off tree (6" caliper)
Proximity to Wetlands	-
Proximity to Riparian	it's a boat ramp!
Other	Canada Goose population shows signs of unrest place stinks; lots of flies; still, mucky water extensive landscape project underway on other side of access road – same to occur on both sides?

Site Name: Miller Island Boat Launch Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	bare ground and compaction at beginning of levees; trails off farther down some bare ground near shoreline next to dock – could be footpaths
Litter and Debris	wood floating and scattered in pkg area pile of rock
Sanitation Problems	
Erosion	
Vegetation Damage	lg. pile of rock dumped near ramp – crushed shoreline grasses / reeds grass area has some bare spots – could be used for pkg area
Proximity to Wetlands	unknown – could be wetland habitat in area
Proximity to Riparian	adjacent to water
Other	

Site Name: Keno Recreation Area Date: 8/6/01

Land Ownership: PC Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	Dirt parking area at BL all bare and compacted; so are large areas adjacent to parking area; whole CG area compacted and mostly bare; upper DUA bare around horseshoes, benches, and picnic tables; footpaths between use areas; edges of historical exhibit area are somewhat bare/cleared.
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Footpaths to BL access road and from historical exhibit to shoreline cause damage/trampling; moderate to heavy damage at historical exhibit, possibly from vehicles.
Proximity to Wetlands	Unknown.
Proximity to Riparian	Gravel parking area at BL is 15' from shoreline.
Other	

Site Name: J.C. Boyle DS 1 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Huge fire ring Nice shady spot At end of road off Hwy 66 atop cliff over river
Built Features	Square line of rocks – tent pad? 2 remnant fire pits
Bare Ground and Compaction	All bare around fire pit
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Minor limb damage Pile of down wood
Proximity to Wetlands	--
Proximity to Riparian	--
Other	Lots of target practice

Site Name: J.C. Boyle DS 2 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Off Hwy 66 along road Small fire ring
Built Features	
Bare Ground and Compaction	Bare ground where vehicles pull in
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Down wood cleared
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 3 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Right at opening to pinch point as road starts to rise up hillside Large firepit in use – day use, fishing sunbathing
Built Features	Large area of bare ground
Bare Ground and Compaction	Only by vehicles
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Down logs in fire pit
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 4 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Very big and nice pine tree Large fire ring On small point just west of river pinch point Nice views east and west
Built Features	Grassy area around fire pit and along shore
Bare Ground and Compaction	Large bare patched from vehicles
Litter and Debris	Ash pile (remnant fire pit?) under tree
Sanitation Problems	
Erosion	
Vegetation Damage	Medium logs in fire pit Some limbs broken/sawed off tree Down wood cleared
Proximity to Wetlands	
Proximity to Riparian	Fire ring 15' from shore
Other	

Site Name: J.C. Boyle DS 5 Date: _____

Land Ownership: _____ Researcher: _____ Roll: Beg. Of Roll 3 Photo: _____

Indicators	Notes
General Site Description	15' from shore Cleared area with some shade Fire ring built around large ex. rock
Built Features	View of "pinch point" in res./river
Bare Ground and Compaction	Very compact – much more so than other sites. Bare ground around fire ring and where vehicles park off road - tire ruts.
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Cleared of down wood
Proximity to Wetlands	
Proximity to Riparian	"s" from shore
Other	

Site Name: J.C. Boyle DS 6 Date: _____

Land Ownership: _____ Researcher: _____ Roll: End of roll 2 Photo: _____

Indicators	Notes
General Site Description	Large fire ring in shady spot off road site at mouth of creek on east side – a ways back from water
Built Features	
Bare Ground and Compaction	Bare around fire ring
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Limb and trunk damage Burned wood in fire ring
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 7 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	East side of Spencer Creek. Fire pits: 11
Built Features	1 RV parked
Bare Ground and Compaction	A lot of bare ground due to vehicles Fence protecting riparian area
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Wood collected
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 8 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Large – 1 ac+ - site with 6-8 individual sites right off main gravel road on west side of Spencer Creek. Trailers/Campers look well setup (tarps, tables, etc . .). Several “sites”/ firepits not being used, could accommodate more people
Built Features	
Bare Ground and Compaction	
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 9 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	1 st fire pit in large road clearing, 2 nd pit right next to fence, 3 rd fire area next to creek, 4 th fire pit in grove of trees ½ acre of clearing
Built Features	Fence – narrow opening to creek; fire area
Bare Ground and Compaction	All dirt/bare ground – road Some footpaths to creek
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Broken branches/limbs pulled off and some stacked for firewood
Proximity to Wetlands	30' from fence along creek
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 9 (cont.) Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	On West/South side of Spencer Creek between 2 roads Well-est., large fire pit Barbed wire fence next to creek
Built Features	
Bare Ground and Compaction	All bare around fire pit
Litter and Debris	Moderate trash in firepit and scattered around site Trash pile next to tree
Sanitation Problems	
Erosion	
Vegetation Damage	Minor damage and collection
Proximity to Wetlands	
Proximity to Riparian	200' from riparian corridor. of creek
Other	

Site Name: J.C. Boyle 10 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Large beautiful area at (south side) mouth of Spencer Creek; panoramic view of Res.
Built Features	Weyerhauser property – wildlife habitat sign
Bare Ground and Compaction	Minor footpaths from road
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Stack of firewood – likely hauled in Sev broken branches on tree but likely natural
Proximity to Wetlands	On mouth of creek – poss. w/land area
Proximity to Riparian	
Other	

Site Name: J.C. Boyle DS 11 Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Large area right on shoreline just before bend in reservoir; very nice spot in shade has been used this year
Built Features	--
Bare Ground and Compaction	Small patch around fire ring and where parking likely occurs off road Grassy area along shoreline – soft/spongy
Litter and Debris	Minor trash in firepit
Sanitation Problems	
Erosion	
Vegetation Damage	Stack of 10+/- logs next to fire ring; some have been burned
Proximity to Wetlands	
Proximity to Riparian	Less than 10' from shoreline with bunch grasses and rushes
Other	

Site Name: J.C. Boyle DS 12 Date: 6-11-02

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	Small area on shoreline with 1 fire ring Not used this year
Built Features	--
Bare Ground and Compaction	Most of area around fire ring is bare Still a lot of needles
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	Surprisingly, none – shrubs along shore look good
Proximity to Wetlands	--
Proximity to Riparian	Fire ring is 5' from shoreline
Other	

Site Name: J.C. Boyle DS 13 Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: 17

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	centered around fire rings and road – bare dirt
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	minor
Proximity to Wetlands	unknown
Proximity to Riparian	adjacent to reservoir
Other	4 user-constructed fire rings – 2 along shoreline; very nice sites, light to moderate use

Site Name: Pioneer Park (West) Date: 8-6-01

Land Ownership: PO Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	around picnic tables, parking area, and boat ramp
Litter and Debris	
Sanitation Problems	
Erosion	all along shoreline
Vegetation Damage	some minor trampling potential root damage to trees at boat ramp
Proximity to Wetlands	some areas along reservoir may be (upland) wetland emergent(?) areas – looks like flooded grass
Proximity to Riparian	directly adjacent to reservoir
Other	

Site Name: Pioneer Park (East) Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	area by boat ramp bare & comp
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	some thistles trampled near shoreline and boat ramp
Proximity to Wetlands	unknown
Proximity to Riparian	directly adjacent to Boyle Reservoir
Other	

Site Name: J.C. Boyle DS 14 Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	lg. patch by culvert & along footpath that follows shoreline
Litter and Debris	
Sanitation Problems	
Erosion	potential for erosion from side of road
Vegetation Damage	trampling of shoreline veg (mostly grasses)
Proximity to Wetlands	U/N
Proximity to Riparian	adjacent to reservoir
Other	vehicle access to shoreline blocked by roadwork (bank) very sm. sandy area at shoreline site sits at outfall of culvert footpath from adjacent hillside leads to the site another footpath follows shoreline

Site Name: J.C. Boyle DS 15 Date: 8-6-01

Land Ownership: unknown Researcher: CHC Roll: 2 Photo: 12-14

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	entire area bare; all dirt
Litter and Debris	glass – lots evidence of fire (ashes) in 2 places
Sanitation Problems	
Erosion	
Vegetation Damage	yes; tree bark damaged; shrub branches broken off all understory cleared
Proximity to Wetlands	unlikely due to steep rocky shoreline
Proximity to Riparian	adjacent to reservoir
Other	

Site Name: Topsy Campground Date: 8-6-01

Land Ownership: BLM Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	lots near ADA fishing access trail (to pier) minor footpaths
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	trampling of understory
Proximity to Wetlands	unknown
Proximity to Riparian	adjacent to reservoir – campsites, pkg, & boat ramps
Other	

Site Name: J.C. Boyle DS 16 Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: 11

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	around shoreline behind grasses & on foot trails down to shoreline dirt parking pullout
Litter and Debris	collected at end near pkg pullout – in water moderate amt. on ground
Sanitation Problems	
Erosion	
Vegetation Damage	some trampling of shoreline grasses
Proximity to Wetlands	unknown
Proximity to Riparian	pullout directly adjacent to shoreline
Other	

Site Name: J.C. Boyle DS 17 Date: 8-6-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: 18

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	footpaths to river; lg. area right off road
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	many areas of trampled / beaten down lg. area near river of beaten down grasses
Proximity to Wetlands	U/N
Proximity to Riparian	adjacent to river (not upper portion)
Other	lg. use area fire ring several footpaths down to river

Site Name: Dispersed Site near PH Date: 8-6-01

Land Ownership: BLM Researcher: CHC Roll: 2 Photo: 19-24

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	bare ground at upstream end of pkg area lg bare area on other side of PH; turnaround area
Litter and Debris	minor debris
Sanitation Problems	
Erosion	major erosion on non-water side of access road / hillside
Vegetation Damage	veg beaten down at upstream edge of pkg area – lots of damage centered on trails to river
Proximity to Wetlands	
Proximity to Riparian	adjacent to river
Other	gravel pkg area; 1 fire ring behind metal bldg / big shed sign requesting that people launch ¼ mile below this point (right by PH) saw 3 people fishing – one group old foundations on other side of PH (3) 3 fire rings on other side of PH; shoreline fenced with ped. opening

Site Name: Boaters Access Date: _____

Land Ownership: _____ Researcher: CHC Roll: 2/3 Photo: 23,24/1, 2

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	near shoreline & toilet bldg footpaths to river
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	some trampling between access roads footpaths to river
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: Stateline take-out (PacifiCorp and BLM) Date: 8-7-01

Land Ownership: BLM/PC Researcher: CHC Roll: 2 Photo: 4,5

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	v. lg. area at upper area – bare & comp; other side of road (next to toilets) also comp; area in front of toilets bare & comp; footpaths from main areas bare & comp; whole put-in turn around area bare, some comp at edges; footpaths around put in & down to river; area adjacent to rocks & shore bare & comp.
Litter and Debris	
Sanitation Problems	
Erosion	slight incline up from river – eroded
Vegetation Damage	all veg cleared in upper area; downed wood cleared & in piles next to fire rings; footpaths from main areas – trampled veg veg beaten down at edges of put-in turnaround irrigation ditch leak causing rut in turnaround potential root dmg to oaks along river due to compaction & erosion
Proximity to Wetlands	
Proximity to Riparian	50' off parking area – potential – see photo 5 also grasses/rush/cattail/wetland-area-looking plants up hillside seep
Other	irrigation ditch leaking

Site Name: Fishing Access Site 6 Date: 8-7-01

Land Ownership: PC Researcher: CHC Roll: 2 Photo: 6-8

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	dirt road leading down to lg. clearing – clearing is mostly bare & heavily compacted footpath leads upstream along shoreline – heavy comp & very bare
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	understory level looks a little vanded
Proximity to Wetlands	
Proximity to Riparian	1 trash can 1 vault toilet gravel pkg area for vehicles (illustration)
Other	access along river is confined at a dist of 50' of high water line and/or brush line where 50' cannot be maintained (sign posted by PC) gated not for put-ins; sign directs rafters to stateline or PC Upper Access

Site Name: Mallard Cove Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	by boat launch and dock
Litter and Debris	very little litter some broken glass
Sanitation Problems	
Erosion	some erosion on hillside between access road and picnic area
Vegetation Damage	trampling and breakage due to footpaths.
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: Raymond Gulch DS Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	much of area is bare (about half – rest is grass)
Litter and Debris	
Sanitation Problems	cow poop
Erosion	
Vegetation Damage	some trampling caused by footpaths
Proximity to Wetlands	edge of reservoir looks like wetland
Proximity to Riparian	at edge of reservoir
Other	

Site Name: Beaver Creek Cove DS Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	lots some trails to water
Litter and Debris	one very old potential fire ring
Sanitation Problems	
Erosion	some tire ruts on east end footpaths
Vegetation Damage	beaten down
Proximity to Wetlands	some emergent stuff
Proximity to Riparian	
Other	pull out on water side of road – dirt dock/float with boat – belongs to guy up creek algae problem – are USFWS sampling?

Site Name: Copco Cove Date: 8-7-01

Land Ownership: PC Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	most of site
Litter and Debris	2 fire rings lots of LWD at end of boat ramp
Sanitation Problems	
Erosion	footpaths
Vegetation Damage	trampling; some breakage downed wood has been gathered
Proximity to Wetlands	U/N
Proximity to Riparian	adjacent to reservoir
Other	algae

Site Name: Fall Creek Trail Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	on first part of trail to falls area around fire ring
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	trampling trail to falls; some breakage on part of trail
Proximity to Wetlands	?
Proximity to Riparian	no built stuff near creek (hatchery is; not rec.)
Other	

Site Name: Fall Creek Date: 8-7-01

Land Ownership: PC Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	yes – at shoreline next to fire ring bare & comp around picnic table at end
Litter and Debris	broken glass minor debris
Sanitation Problems	
Erosion	some hillside erosion / footpaths
Vegetation Damage	beaten down (for tentpad?) cleared wood
Proximity to Wetlands	looks like wetland next to shoreline along access road willows; other veg beach? what has green leaves like that – opp leaflets (illustration)
Proximity to Riparian	
Other	

Site Name: Iron Gate DS 1 Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	dirt road goes down to small use area – all bare and compacted
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	trampling
Proximity to Wetlands	likely at end of slope – rushes and damp ground
Proximity to Riparian	adjacent to reservoir
Other	rocks on shoreline covered in lt. blue algae potential hand launch site – sm rocks at shoreline grass along shoreline pretty flowers

Site Name: Iron Gate DS 2 Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	all bare & comp. except middle is rock
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	much of veg on slope is gone – some trampled, some burned; tree cut down, only stump left; lg. juniper has been hacked at / hit
Proximity to Wetlands	possible see W → (illustration)
Proximity to Riparian	
Other	perpendicular pullout / point on water side of road; steep incline down to water

Site Name: Jenny Creek Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	heavy near lower picnic table & shoreline there; trails to shoreline – 3 main areas near lower picnic area severe; possible tent pad near lower picnic table
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	trees stripped of bark; trees axed down; trees whacked at; exposed roots along footpath along shoreline
Proximity to Wetlands	potential – creekbed running ----- site willows
Proximity to Riparian	
Other	

Site Name: Wanaka Spring(s) Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	sever compaction at day use area near shoreline; severe at upper site also
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	exposed roots & compaction near picnic area (pines & oaks); cleared wood
Proximity to Wetlands	U/N
Proximity to Riparian	adjacent to reservoir
Other	

Site Name: Camp Creek Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	most of site
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	not much – it's gone
Proximity to Wetlands	likely near boat ramp
Proximity to Riparian	next to dry creek (DUA); reservoir (campground)
Other	

Site Name: Camp Creek (cont.) Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	whole site very slight slope down to shoreline
Litter and Debris	
Sanitation Problems	
Erosion	minor from road → site
Vegetation Damage	none – cleared wood
Proximity to Wetlands	likely due to veg present
Proximity to Riparian	
Other	

Site Name: Juniper Point Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	see inventory form
Bare Ground and Compaction	almost entire site; some grass @ shoreline
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	some trees whacked at; all wood cleared; no understory
Proximity to Wetlands	likely
Proximity to Riparian	
Other	

Site Name: Iron Gate DS 3 Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: 12,13

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	most of site still grass by shoreline
Litter and Debris	broken glass ash dump minor litter
Sanitation Problems	
Erosion	some hillside erosion (site slopes to water)
Vegetation Damage	all wood cleared roots exposed due to erosion of w. access road
Proximity to Wetlands	
Proximity to Riparian	
Other	2 fire rings 2 access roads; one blocked (from west) by boulders nice beach area; potential land-launch tire tracks go to water

Site Name: Overlook Point Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	very bad near both picnic tables along shoreline
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	exposed roots at western picnic table and shoreline
Proximity to Wetlands	
Proximity to Riparian	
Other	

Site Name: Long Gulch DS Date: 8/7/01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	Entire site bare & compacted. Med. pile of gravel down by ramp
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	no veg left; tree hacked; tree cut down; LUD used for firewood; root compaction of junipers near
Proximity to Wetlands	likely due to veg
Proximity to Riparian	
Other	

Site Name: Long Gulch DS Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: 2 Photo: 14,15

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	whole site
Litter and Debris	broken glass moderate trash on slope down to water
Sanitation Problems	moderate amts of TP
Erosion	
Vegetation Damage	all wood cleared tree bark stripped 2 trees whacked down branches broken / sawed on
Proximity to Wetlands	
Proximity to Riparian	
Other	5 fire rings lg area on point overlooking res. dotted with juniper trees and rock outcroppings lg system of roads

Site Name: Iron Gate Hatchery Date: 8-7-01

Land Ownership: _____ Researcher: CHC Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	site is basically a parking lot, so whole thing is bare and compacted by design (gravel pkg area)
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	none
Proximity to Wetlands	U/N
Proximity to Riparian	upslope from river
Other	

Site Name: Iron Gate Boat Launch Date: _____

Land Ownership: _____ Researcher: _____ Roll: _____ Photo: _____

Indicators	Notes
General Site Description	
Built Features	See inventory form.
Bare Ground and Compaction	road and foot paths leading from road
Litter and Debris	
Sanitation Problems	
Erosion	
Vegetation Damage	gen'l trampled
Proximity to Wetlands	
Proximity to Riparian	
Other
