
RFP
Attachment 19: TERM SHEET

All Source Bid Summary	
Bidder	
1) Resource Category (Baseload, Intermediate load, summer peak)	
2) Resource Alternative (PPA, Tolling Service, EPC (Company Site), APSA (Bidder site), Purchase of existing facility, restructure existing contract, Load curtailment, QF or Eligible Renewable Resource	
3) General transaction comments	
4) Facility Status (existing, under construction, greenfield site, etc)	
5) Generation Source Location (area)	
6) Resource Type (CCCT, SCCT, etc)	
7) Load Curtailment (MW)	
8) Quantity (MW)	
9) Fuel Type (gas, coal, etc)	
10) Facility economic life (years)	
11) Commercial Operation Date:	
12) Delivery to PAC (Start Date):	
13) End deliveries to PAC (End Date):	
14) Term (years)	
15) Power point of interconnection	
16) Power interconnection status (done, applied for, etc)	
17) Transmission interconnection credit assigned to PAC (\$)	
18) Power point of delivery	
19) 3 rd party transmission required and included in bid price	
20) Fuel source (gas pipeline, coal mine, etc)	
21) Gas point of delivery	
22) Who is responsible for fuel procurement and from where (gas, coal)	
23) Gas distribution charges	
24) Fuel multiplier (%)	
25) Product (firm or unit contingent)	
26) Delivery Pattern (6X16,7X8,7x24)	
27) Net Capacity (including weather and degradation)	
28) Optionality-Dispatch characteristics	
29) Hours per day dispatch limitation	
30) Ramp rate (MW/min)	
31) Minimum ramp rate up (hours)	
32) Minimum ramp rate down (hours)	
33) SO2 emission rate (lb/MMBtu)	
34) Mercury emission rate (lb/TBtu)	

35) NOx emission rate (lb/MMBtu)	
36) CO2 emission rate (lb/MMBtu)	
37) Net Heat Rate (auxiliary loads)	
38) Spinning reserves capability (MW)	
39) Non-spinning reserves capability (MW)	
40) Dispatchability (flexibility)	
41) Net Peak firing capability	
42) Mechanical availability factor (%)	
43) Minimum capacity (MW)	
44) Project purchase price (\$)	
45) Progress payment schedule (\$)	
46) Fixed capacity charge (\$kW-mo.)	
47) Start up charges \$/start (2016 \$)	
48) Fixed energy price (\$/MWh)	
49) Fixed O&M charge (\$/kW-mo.) (2014\$)	
50) Variable O&M-\$/MWh (2016\$)	
51) Water (secured / option / timing)	
52) Rights of way (secured / option / timing)	
53) Land- lease or title (secured / option / timing)	
54) Permitting (secured / timing)	
55) Environmental permits (secured / timing)	
56) Noise (secured / option)	
57) Approval Order or NOI (secured / timing)
