ASSET PURCHASE AND SALE AGREEMENT

THIS ASSET PURCHASE AND SALE AGREEMENT (this "Agreement") is made and entered into as of _____ (the "Effective Date"), by and between PacifiCorp, an Oregon corporation ("Buyer"), and [SELLER FULL NAME], a _____ ("Seller"), each referred to individually as a "Party" and collectively, as the "Parties."

RECITALS

1. Seller responded to a Request for Proposals – PacifiCorp RFP-2012 (the "RFP") which was issued by Buyer on [RFP DATE]. Buyer's objective in issuing the RFP was to fulfill a portion of its resource requirements as contemplated in Buyer's integrated resource plan published in January, 2005.
2. Buyer's selection of Seller's bid was based upon a competitive bid and was, in part, based upon Seller's representations and warranties and Seller's guaranteed performance of the Plant (defined below). Such matters were a material inducement for the selection of Seller, and Seller's failure to perform in accordance with the terms and conditions hereof shall cause material damage to Buyer.
3. Following negotiations with Seller, Buyer desires to purchase from Seller, and Seller desires to sell to Buyer, the Project (defined below), upon the terms and conditions hereinafter set forth.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual representations and warranties and covenants made herein, Buyer and Seller, each intending to be legally bound, hereby agree as follows:

(b) Basis of Purchase Price

(i) Seller Duty to Inform Itself. Seller shall be deemed to have satisfied itself, through its own due diligence efforts and not based on any representation of Buyer or employees or agents thereof (except as set forth in this Section 2.2), as to the nature and location of the Work, the general, local, physical and other conditions of the Work, and all other matters which could in any way affect the Work or the cost thereof under this Agreement. Without limiting the foregoing, Seller shall be deemed to have inspected the Site and to have satisfied itself as to the state and condition (including but not limited to ground, geological, climatic and hydrological condition) of all circumstances affecting the Site (including but not limited to any and all safety regulations of Buyer or otherwise applicable to the Work and the Project) and to have examined any documentation and information supplied or made available to Seller by Buyer or available for inspection in the public domain, the conditions and/or the Specifications (with such drawings, exhibits, plans and information as may be annexed thereto or referred to therein) and to have satisfied itself as to the feasibility of executing the Work at the Site. Seller shall be responsible for its own interpretation of such documentation and information. The failure of Seller to adequately investigate and acquaint itself with any

applicable conditions and other matters shall not relieve Seller from the responsibility for properly estimating the difficulties and costs of successfully performing the Work and completing this Agreement, and shall not be grounds for adjusting either the Purchase Price or the Project Schedule agreed in this Agreement.

(ii) Underground Obstructions. Without prejudicing or limiting the provisions of the preceding paragraph (b)(i) or of Section 10.1 (“Project Schedule”), Seller shall be responsible for ascertaining the location of and avoiding damage to all underground installations including without limitation cable, gas, water pipes, telephone lines, and other underground installations, whether the location of the excavation, digging, or trenching required for performance of the Work is fixed by Buyer or by Seller. Seller shall be responsible for all delays, costs, loss and/or expense arising, whether directly or indirectly, from any ground conditions or artificial obstructions or hazards (excluding hazardous materials encountered by Seller during the execution of the Work) including any Work underground or involving excavation that Seller should have been made reasonably aware of based on information available and Seller shall not be entitled to any additional Cost, any extension to the Time for Completion or any increase in the Purchase Price as a result thereof.

(iii) Surveying. Seller is responsible for performing, and shall include in its pricing, all construction layout surveying required for execution of the Work. Seller shall be held responsible for preserving all established project control monuments unless their removal is requested by Seller and authorized in writing by Buyer. Any costs incurred by Buyer to reestablish control monuments destroyed by Seller shall be borne by Seller.

(iv) Responsibility for Information. Seller shall be responsible for any misunderstanding or incorrect information in connection with the Site (excluding information provided by Buyer or its representative prior to the date of commencement of the Work unless such information could reasonably be verified by Seller).

(v) Existing Foundations, Structures and Work. Seller shall be solely responsible for the consequences of incorporating into the Work any existing foundations, structures, Work, equipment or materials including, without limitation, any existing piling, floor slabs and culverts. To the extent that the same are incorporated into the Work, such pre—existing items shall be subject to the applicable conditions as if they were supplied by Seller hereunder. Without prejudice to the foregoing, Seller shall notify Buyer’s Representative of its intention to incorporate any existing foundations, structures, work, equipment or materials into the Work other than those specifically identified in this Agreement as soon as is practicable and seek the prior written consent of Buyer’s Representative to the use or utilization thereof, which consent may be withheld in the sole discretion of Buyer’s Representative.

Section 2.3 Closing

(a) Closing Date, Place and Time. The closing (the “Closing”) of the sale and purchase of the Project shall take place at _____, local time, on the first Business Day after Notice of Final Acceptance has been issued pursuant to Section 20.8 (“Notice of Final Acceptance of Work”), at Buyer’s offices in Salt Lake City, Utah, or at such other time and date as the Parties shall designate in writing (such time and date, the “Closing Date”).

(b) Purchase Price Calculation. At least thirty (30) days prior to the Closing Date, Seller shall submit to Buyer a detailed calculation setting forth the Purchase Price, as the same may have been adjusted pursuant to Change Orders, if any, together with supporting documents used by Seller in calculating the Purchase Price, including an allocation of the Purchase Price not yet paid and such other documents reasonably requested by Buyer to support the calculation. At least fifteen (15) days prior to Closing, Buyer shall notify Seller of any disputed amounts included in Seller's calculation of the Purchase Price. Within five (5) days prior to Closing, Seller shall (a) notify Buyer of any disputes Seller may have regarding Buyer's challenges to amounts, and (b) provide a revised calculation with supporting documents showing agreed changes to the initial calculation statement. Any disputes remaining after such exchange shall be submitted for dispute resolution as set forth in Article 32 ("Claims, Claim Notice and Dispute Resolution").

(c) Payment of Purchase Price. At the Closing, Buyer shall pay the Purchase Price, calculated in accordance with Section 2.3(b) ("Purchase Price Calculation"), less two times the amount (if any) then in dispute, in immediately available funds, via wire transfer to an account designated by Seller on or prior to the Closing Date.

Section 2.4 Assumption of Liabilities

Except as otherwise expressly provided herein, Buyer is not assuming, and will not assume, any present or future debt, liability or obligation of Seller, whether known or unknown, fixed or contingent. Seller agrees to indemnify and hold Buyer harmless against all present and future debts, claims, liabilities and obligations of Seller, its Contractor and Subcontractors.

Section 2.5 Further Assurances

From time to time after the Closing Date, Seller shall, at the request of Buyer but without further consideration, promptly execute and deliver to Buyer such other agreements, certificates and further instruments of sale, assignment, transfer and conveyance and take such other and further actions as Buyer may reasonably request in order to vest in Buyer or its assigns and put Buyer or its assigns in possession of the Project and to carry out and implement the transactions contemplated herein, including any financing arrangements of Buyer.

Section 2.6 Conditions to Buyer's Obligation to Close

The obligations of Buyer to effect the transactions contemplated in this Agreement are subject to the satisfaction or waiver by Buyer on or prior to the Closing Date of each of the following conditions:

Buyer may also inform

Seller as to whether Buyer disputes any portion of the Notice of Request for Progress Payment due to the failure of Seller (or the Contractor or any Subcontractor) to complete the Work covered by such Notice of Request for Progress Payment, and Buyer may withhold such portion due under Seller's invoice, in the amount reasonably necessary to complete such portion of the Work in accordance with Seller's Notice of Request for Progress Payment and this Agreement.

(ii) Upon receipt of a notice from Buyer that the Notice of Request for Progress Payment is deficient, Seller shall promptly take any and all reasonable steps available to remedy any condition identified by Buyer leading to such claim of deficiency. Subject to a mutually agreed upon resolution of such claim of deficiency or a final determination of a court, payment of the disputed portion of Seller's invoice shall be made by Buyer within ten (10) Business Days following the date of such agreement or determination. In the event that Buyer is entitled to withhold payment to Seller because a condition precedent set forth in this Article 3 has not been satisfied, Buyer may elect to pay the amounts due to Contractor under the Primary Contracts directly to such Contractor and such payments shall be credited against the Purchase Price. In the alternative, in the event of a disputed amount, Buyer may pay to Seller the entire amount stated in the Notice of Request for Progress Payment, and if it is subsequently determined that Buyer was entitled to withhold all or part of the amount shown on the Notice of Request for Progress Payment, Seller shall pay to Buyer upon demand, interest at the Late Payment Rate on the amount that Buyer was entitled to withhold from the date of payment by Buyer, until the earlier of the date of repayment to Buyer and the date on which Buyer was no longer entitled to withhold such amount. The determinations made by Buyer pursuant to this Section 3.3(d) and Section 3.2(j) are solely for the purpose of determining whether to pay a Progress Payment, and such determinations shall not prevent Buyer from subsequently asserting that Seller, a Contractor, or any Subcontractor failed to perform its obligations under a Transaction Document, nor shall such determinations be used as evidence that Seller, the Contractor, or any Subcontractor performed such obligations.

(e) A NOTICE OF REQUEST FOR PROGRESS PAYMENT THAT DOES NOT MEET THE REQUIREMENTS OF THIS SECTION 3.3 MAY RESULT IN A PAYMENT DELAY.

The terms of the Letter of Credit shall meet the requirements of the attached Exhibit F as well as the requirements of this Agreement and be issued by a bank satisfactory to Buyer. The Letter of Credit shall provide for payment to Buyer of the Letter of Credit face value if Seller defaults under the terms of this Agreement. Buyer shall have the right to call the entire amount of the Letter of Credit if Seller has not renewed the Letter of Credit at least thirty (30) days prior to its expiration date. CHANGE ORDERS

Section 13.1 Changes

- (a) From time to time circumstances may arise which justify a Change.
- (b) No Change shall be effective unless authorized by Buyer by issuance of a Change Order pursuant to the provisions of this Article 13.
- (c) Buyer shall, when reviewing each potential Change and determining the nature and extent of any Change Order which is to be granted in accordance with this Article 13, consider in detail the following information:
 - (i) The nature, scope and extent of the Change, including but not limited to any additions or deletions from the Scope of Work;
 - (ii) The effect, if any, of the Change on the Project Schedule or on the Guaranteed Substantial Completion Date(s), as applicable;
 - (iii) The effect, if any, of the Change on the amount the Purchase Price; provided, however, that in no event shall the amount of the Purchase Price be subject to change for any Change that does not constitute a material change in the Scope of Work requested by Buyer; and
 - (iv) Such other information as may be reasonably necessary for the implementation of the Change Order, including but not limited to the effect on any other provisions hereof which may be impacted by the Change.

Buyer shall, in the case of an Buyer-Initiated Change or, if it elects to do so, in the case of Seller Initiated Changes, and in all events in the case of Required Changes, thereafter issue a Change Order addressing all circumstances that require adjustments as a result of the applicable Change, in a form substantially similar to the form of Change Order attached hereto as Exhibit D-1 which shall address, to the extent required, all of the issues set out in this Section 13.1(c).

(d) In the case of any request for a Change Order by Seller which is permitted to be made in accordance with this Agreement, such request shall take the form of a Change Order Request (each a “Change Order Request”) which shall be delivered to Buyer in writing as soon as possible and in any event within ten (10) days after Seller becomes aware of the circumstances (or through the exercise of Prudent Industry Practice should have become aware) necessitates a Change. In no case shall Seller be entitled to recover costs as a Change Order in connection with conditions that give rise to such Change Order arising prior to the date on which Seller requests the Change Order, except to the extent that such costs are incurred reasonably and properly in order to achieve the Substantial Completion Date. Any Change Order Request shall be in a form substantially similar to the form of Change Order Request attached hereto as Exhibit D-2 and shall include the following information: (a) the factors necessitating or the basis for the Change; (b) the impact, if any, which the proposed Change is likely to have on the Purchase Price; (c) the impact, if any, which the proposed Change is likely to have on the Project Schedule (including the Guaranteed Substantial Completion Date); (d) other provisions of this Agreement or the Specifications to be impacted by the proposed Change; and (e) such other information which Buyer may reasonably request in connection with such proposed Change.

(e) The issuance of a Change Order shall not result in invalidation of this Agreement.

(f) Except with respect to a Buyer Initiated Change, as to which the disregarded amount shall be \$25,000, no circumstances will constitute grounds for a Required Change Order or a Seller Initiated Change Order unless and to the extent that (i) the costs of such Change Order, in either case, is in excess of \$5,000, or (ii) the effect of such Change Order request impairs the achievement of a Buyer Critical Schedule Milestone or a Seller Critical Schedule Milestone, as applicable, by more than 3 days (except in circumstances where Seller has no means of recovering such schedule impairment in which case Seller shall be entitled to a Change Order if Seller would otherwise have been so entitled). Neither Party shall game or otherwise manipulate the foregoing process, by aggregating or disaggregating cost and/or circumstances as the case may be (or otherwise), for the purpose of recovering or avoiding additional cost or time in accordance with the foregoing.

(g) Change Orders (in each case in excess of the applicable disregarded amount) shall address the change, if any, in the amount of the Purchase Price in one of the following manners:

(i) Buyer and Seller shall agree upon the amount by which the Change will impact the Purchase Price; or

(ii) Buyer and Seller shall agree as to the nature and extent of the Change, but in lieu of changing the Purchase Price, Seller shall perform the activities associated with the Change on a cost-reimbursable basis, in which event no change shall be made in the amount of the Purchase Price.

Section 13.2 Procedure for Changes

(a) Changes Initiated by Seller. Seller may, at any time and from time to time, make proposals to Buyer for improvements, efficiencies, cost savings and other similar Changes to the Work (each a “Seller-Initiated Change”), but no such proposal shall be carried out by Seller

except as instructed in writing by Buyer in the form of a Change Order, which Buyer may in its discretion elect to issue as it sees fit. Such proposals of Seller shall be submitted in the form of a written Change Order Request in the manner described in Section 13.1(d), and shall also contain and be supplemented with such information or additional information as Buyer may reasonably require in order to effect a reasoned decision as to the implementation, or rejection, (as the case may be) of the Change Order Request.

(b) Changes Initiated by Buyer. If Buyer desires to make a Change (each a “Buyer-Initiated Change”) not comprising rectification or recovery Work due to Seller’s negligence or breach of this Agreement, Buyer will submit a written Change Order Notice to Seller, substantially in the form of Exhibit D-3, setting forth the nature and extent of the proposed Change to the Scope of Work together with, to the extent available and/or applicable, Buyer’s opinion as to those matters required to be taken into account in accordance with Section 13.1 (“Changes”). Seller will promptly review the Change Order Notice and, within five (5) Business Days, shall notify Buyer in writing of the reasonable time required to deliver a response, setting forth for the proposed Change, the options for implementing the proposed Change (including, if possible, any option that does not involve an extension of time) and the estimated effect(s), if any, that each such option would have on the Purchase Price and the Project Schedule, and any other provision of this Agreement or the Specifications to be impacted by the proposed Change, as applicable. Such response shall also contain all those matters required to be set out in a Change Order Request. Based upon such information, Buyer may, in its sole discretion, issue a Change Order making a Change.

(c) Required Change Orders. Seller shall be entitled to the issuance of Change Orders pursuant to this Article 13 in connection with any circumstances which constitute a Change and which are attributable to the matters identified in subparagraphs (a) through (g) below (each a “Required Change”):

(i) Due to Change in Law Applicable Law/Permit. If and to the extent that a change in any Requirement of Law or Permit after the Effective Date results in an increase in the cost of the Work or extends the Project Schedule, and in each case only to the extent that such increase or extension is greater than the threshold amounts identified in Section 13.1(f) above.

(ii) Change Order Due to Suspension of Work by Buyer. In the event that Buyer suspends the Work (i) in the circumstances with respect to which Seller is entitled to a Change Order as set out in Section 13.1 (“Changes”), or (ii) in the circumstances described in Article 16 (“Suspension of Works, Delivery or Erection”).

(iii) Change Order Due to Non-Performance by Buyer. If Buyer fails to perform or is late in performing in any material way, any material obligation of Buyer under this Agreement and the cost to Seller is in excess of \$25,000 or a delay of more than 3 days. Neither Party shall game or otherwise manipulate the foregoing process, by aggregating or disaggregating cost and/or circumstances as the case may be (or otherwise), for the purpose of recovering or avoiding additional cost or time in accordance with the foregoing.

Seller shall in all cases use or have used commercially reasonable efforts to mitigate potential delays to the Project Schedule and/or potential increases to the Purchase Price (the cost of such mitigation efforts to be addressed in any applicable Change Order).

(d) Except in the circumstances as set out in this Section 13.2 and with respect to which an application is properly made in accordance with this Article 13, Seller shall not be entitled to seek either a Change, Change Order or extension of the Guaranteed Substantial Completion Date, nor to receive additional remuneration or reimbursement with respect to performance of the Work.

Section 13.3 Continued Performance Pending Resolution of Disputes

Notwithstanding and pending the resolution of any dispute with respect to a Change or Change Order, Seller must proceed with the Work and the performance of any Change ordered by Buyer or any Required Change, unless Buyer directs Seller not to so proceed, provided that Seller is being paid on a current basis for all undisputed Work and for all disputed Work which has been ordered to be paid through a Claim proceeding dispute resolution relating thereto in accordance with this Agreement.

Section 13.4 Preservation of Schedule and Purchase Price

Where any proposed Change or Change Order Request may give rise to an extension of the Project Schedule or an increase in the Purchase Price, then Buyer reserves, in its sole discretion and to the extent possible, to require Seller to vary, amend or effect such Change to the Work in such a manner as will mitigate or avoid the requirement for such extension of time or increase in price.

ARTICLE 14

WORKMANSHIP AND MATERIALS

Section 14.1 Manner of Execution

Seller shall provide no less than three (3) Business Days’ advance confirmation of the actual date of each Witness Point Event identified on the Witness Point Schedule. Buyer shall be entitled to attend and witness all Witness Point Events. To the extent that any Witness Point Events have been completed prior to the date on which the Witness Point Schedule is submitted to Buyer, at Buyer’s sole discretion, Seller shall (i) allow Buyer to observe the materials and workmanship of the Project and to review documentation which may be available in lieu of viewing or witnessing the Witness Point Event, or (ii) re-open the affected portion of the Project for inspection by Buyer and repair or correct (if necessary) and restore the affected portion of the Project at no additional cost to Buyer. All inspections shall take place at the Site, at a Contractor’s or a Subcontractor’s premises or such other reasonable site as the Parties may agree, as appropriate, during normal working hours. No such inspection or examination or witnessing of tests shall release Seller from any obligation or liability under this Agreement. Inspections under this Section 14.3 are solely for the benefit of Buyer and any inspection or failure to inspect and any objection or failure to object by Buyer shall not (i) relieve Seller or any Contractor of any of their obligations under any Transaction Document or (ii) be used as evidence that Buyer agreed that either Seller or any Contractor or Subcontractor had fulfilled any obligations under any Transaction Document or that Buyer had waived any of its rights under any Transaction Document.

(b) If, as a result of an inspection or examination referred to in Section 14.3(a) above, Buyer decides that any portion of the Work is nonconforming or otherwise not in accordance with this Agreement, Buyer shall promptly notify Seller thereof. Such notice shall state Buyer’s objections and its reasons therefor in reasonable detail. Seller shall make good the nonconformity or ensure that any such portion of the Work complies with this Agreement at no additional cost to Buyer.

(c) For purposes hereof, “nonconforming” means defective or not in conformity with the Specifications.

Such notice shall specify the length of time that Buyer anticipates the Work shall be suspended.

(b) If the cumulative days of Work suspension totals One Hundred and Eighty (180) days, or if the Work is suspended four (4) or more separate times for a period of more than 45 days in any single instance or 180 days in the aggregate, Seller may terminate this Agreement by thirty (30) days' written notice to Buyer, unless the suspension is lifted within such 30-day period, and such termination shall be treated as a Buyer voluntary termination pursuant to Section 30.1(b) ("Voluntary Termination").

(c) Unless otherwise instructed by Buyer, Seller shall, during any suspension affecting the progress of the Work on Site, maintain its staff, labor and equipment on or near the Site ready to proceed with the Work upon receipt of the further instructions of Buyer.

(c) In the event of such suspension, Seller shall, unless the notice requires otherwise:

Buyer shall have the right, upon reasonable advance written notice to Seller, to inspect and audit Seller’s books and records in order to verify the accuracy of and/or to determine the amount of any cost-based reimbursement associated with any suspension of the Work.

(e) Seller shall not be entitled to be paid any additional amounts under this Article 16 if and to the extent suspension is necessary by reason of default on the part of Seller or persons for whom Seller is responsible or for the proper execution or the safety of the Work, Equipment or Plant.

Section 18.2 Emissions Guarantee

Seller shall conduct the Performance Tests in accordance with Appendix H and, as a condition of Substantial Completion, shall demonstrate that emissions from the Project meet the Guaranteed Emissions. If the Guaranteed Emissions are not met, either in whole or in part, Seller shall, at its sole cost and expense, diligently make such changes, modifications and/or additions to the Plant or any part thereof as may be necessary to achieve the Guaranteed Emissions. Seller shall notify Buyer upon completion of the necessary changes, modifications or additions, and Seller shall repeat the Performance Tests as necessary until the Guaranteed Emissions have been met. Nothing contained in this Section 18.2 shall relieve Seller of Seller’s obligation to pay liquidated damages under this Agreement.

Section 18.3 Cost and Direction

(a) The Performance Tests shall be conducted by a Buyer-approved third party, under the direction of Seller. Buyer will cooperate with Seller’s reasonable requests in connection with the Performance Tests, but shall not be required to provide any materials, electricity, fuel, water or stores.

(b) Seller shall provide all materials, electricity, fuel, water and stores, and all personnel necessary to supervise startup and the conducting of the Performance Tests and shall provide all necessary technical assistance and advice in connection with the Performance Tests. Except as approved by Buyer in writing, Seller shall not use personnel in excess of the normal contingent of Plant operations staff to operate the Plant during the performance tests. During

training and conducting the Performance Tests, Buyer's operating personnel shall be working under the technical direction and instruction of Seller and Seller shall be responsible for the accuracy of its instructions/directions provided to Buyer's operating personnel.

Section 18.4 Buyer's Right to Validate

Buyer and Buyer's Representative, in connection with the performance of this Agreement by Seller, shall have the right and opportunity to be present and observe the Performance Tests and shall have the right and opportunity in advance or during the Performance Tests to inspect and validate all meters, meter readings and other pertinent data necessary to verify the results of the Performance Tests. Buyer shall provide reasonable notice to Seller of any such observation and inspection, including the specific information desired and method of obtaining such information. Seller and Buyer shall coordinate such observation, inspection and validation so as not to interfere with the Performance Tests, yet provide for a verifiable result. Buyer shall have the same rights with respect to any other Performance Tests conducted by Seller as set forth above.

Section 18.5 Additional Tests; Test Energy

(a) After the Substantial Completion Date with respect to the Work, Seller may, unless Buyer reasonably objects, make any additional tests which Seller considers desirable at their own risk and cost; provided, however,

(i) if such tests require any change in Buyer's dispatch schedule for the Project, then Seller shall reimburse Buyer for all costs and Claims associated with such change in dispatch;

(ii) if such tests damage the Project in any way, then Seller shall bear all costs of making good such damage and of all Claims resulting from such damage; and

(iii) if such test causes the Project to no longer meet the Performance Guarantees, then Seller shall, after restoring the Project to its pre-test operating condition at its sole cost, re-conduct the Performance Tests and compensate Buyer for all costs and Claims associated with re-conducting the Performance Tests.

(b) Buyer shall have the exclusive right to all electric energy generated by the Plant during any Performance Tests and any revenue derived from the sales of such elective energy.

Section 18.6 Timing

Seller shall give Buyer at least ninety (90) days' prior notice of the date on which the first Performance Tests will begin and at least five (5) days' prior notice of a change in the Performance Test schedule. Buyer may request that Seller conduct the Performance Tests at another time more convenient to Buyer, which request shall set forth the reasons therefor.

Section 18.7 Test Reports

(a) Seller shall deliver to Buyer a preliminary test report, including the test data sheets and calculated results for each Performance Test or retest (the "Preliminary Performance Test

Report”), promptly after completion of each Performance Test, together with a notice to Buyer certifying completion of the Performance Tests in accordance with this Agreement and the results of such Performance Tests. Promptly after receipt of each Preliminary Performance Test Report, Buyer and Seller shall consult concerning the results of such tests, and within three (3) days thereafter, Buyer shall (i) state that it concurs with the results of the Performance Tests or (ii) state that it disputes the results of the Performance Tests, stating in detail the reasons therefor.

Within fifteen (15) Business Days following completion of the Performance Tests, Seller shall provide to Buyer a final test report, including test data sheets and calculated results for each Performance Test or retest (the “Final Performance Test Report”) and a final notice to Buyer certifying completion of the Performance Tests. Within fifteen (15) days of receipt of such documentation from Seller, Buyer shall either (i) accept the Performance Test results or (ii) state that it disputes the results of the Performance Tests and the reasons therefor. If Buyer disputes the accuracy of the Performance Tests results in the Final Performance Test Report, then Seller shall re-perform the applicable Performance Tests (or part thereof) in accordance with the procedures set forth in Appendix H. If the results of the re-test confirm the accuracy of the initial test, then Buyer shall pay the increased costs directly resulting from the re-test. If the results of the re-test do not confirm the accuracy of the initial test, then Seller shall pay for the costs of the re-test and any subsequent tests necessary to confirm compliance with all Performance Guarantees.

Section 18.8 Failure on Tests or Inspection

If after inspection, examination or witnessing the testing of any of the Work, Buyer decides, in its sole discretion, that such Work or any part thereof is defective or not in accordance with this Agreement, it may reject the Work or part thereof by giving to Seller, within ten (10) days, notice of such rejection, stating therein the grounds upon which the decision is based. Following any such rejection, Seller shall replace or repair the Equipment, the Plant or part thereof rejected and re-submit the same for test or inspection in accordance with this Section 18.8. All expenses reasonably incurred by Buyer in attending or in consequence of such re-testing or inspection and Buyer’s or Buyer’s Representative’s attendance in connection with the Project and their representatives’ attendance, shall be deducted from the Purchase Price.

Section 18.9 Duty to Advise of Defects, Errors and Omissions in Plant and Equipment

Seller shall advise Buyer promptly upon becoming aware of any design, engineering, manufacturing or other Defect, error or omission that might effect the Work and its operability, operational life and maintenance, and warrants and represents that, prior to the acceptance of any certificate by Buyer or Buyer’s Representative and except in relation to such matters that have been notified to or by Buyer in writing, there are no such Defects, errors and/or omissions to the best of its knowledge and belief.

ARTICLE 19

DEFECTS BEFORE TRANSFER OF POSSESSION AND CONTROL OF WORK

Section 19.1 Identification of Defects

(a) If, in respect of any part of the Work not already transferred and under the control of Buyer, and in all cases prior to Closing, Buyer's Representative, at any time: (i) determines, in its sole discretion, that any Work done or Equipment or Plant supplied or materials used by Seller, Contractor or any Subcontractor is or are defective or otherwise not in accordance with the Specifications or this Agreement (each a "Defect"), or that any part thereof is defective or does not fulfill the requirements of this Agreement and (ii) as soon as reasonably practicable, notifies Seller of such determination, specifying particulars of the alleged Defects and of where the same are alleged to exist or to have occurred, then Seller shall promptly, at its sole cost and expense, remedy the Defects so specified.

(b) If Seller fails to remedy such Defect, Buyer may take, at the sole cost and expense of Seller, such steps as may be reasonably necessary or convenient to remedy such Defects. The cost of remedying such Defect may be deducted from any payment due under this Agreement and be recoverable as a debt.

Section 19.2 Replacement of Defects

All Equipment or Plant provided or Work done by Buyer to replace defective Equipment or Plant shall comply with this Agreement and shall be obtained at reasonable prices and where reasonably practicable under competitive conditions. Seller shall be entitled at its own expense to remove and retain all defective Equipment or Plant that Buyer may have replaced. Nothing contained in this Section 19.2 shall affect any Claim by Buyer under Article 32 ("Claims, Claim Notice and Dispute Resolution").

ARTICLE 20

NOTICE OF SUBSTANTIAL COMPLETION, NOTICE OF FINAL ACCEPTANCE AND TRANSFER OF CARE, CUSTODY AND CONTROL

Section 20.1 Notice of Substantial Completion of Work

(a) When the Work meets the Substantial Completion Criteria set forth in Appendix H, Seller shall so notify Buyer and provide Buyer a certificate of an Authorized Officer of Seller certifying that the Substantial Completion Criteria have been met and the date thereof (such notice and affidavit, the "Request for Substantial Completion").

(b) Within five (5) days after receipt of the Request for Substantial Completion, Buyer shall by notice ("Notice of Substantial Completion") either: (i) reject such Request for Substantial Completion and refuse to issue the Notice of Substantial Completion and state what Substantial Completion Criteria Seller failed to achieve; or (ii) accept the Request for Substantial Completion

as given or with punch list items, and issue the Notice of Substantial Completion with Substantial Completion deemed to occur on the date set forth in said Request for Substantial Completion.

(c) If Buyer rejects the Request for Substantial Completion, Seller shall promptly provide to Buyer a plan and schedule for remedying the deficiencies specified in Buyer's rejection, shall carry out such plan at its own cost and expense, and, upon completion thereof, shall issue a new Request for Substantial Completion.

(d) The foregoing procedure shall apply again and successively thereafter until Substantial Completion Criteria have been achieved. Disputes as to whether Seller has achieved Substantial Completion shall be resolved pursuant to Article 32 ("Claims, Claim Notice and Dispute Resolution").

Section 20.2 Care, Custody and Control; Punch List Items

(a) Seller shall be responsible for care, custody, and control of the Work and shall make good at Seller's own cost, or at Buyer's cost if Seller does not remedy the same, any loss or damage that may occur to the Work or any part thereof from any cause whatsoever until the Substantial Completion Date. Seller shall also be responsible for loss or damage thereto caused by the Contractor or any Subcontractor in the course of any work carried out under the Project Documents or in connection with the Project until Final Acceptance. Seller hereby waives any and all claims or causes of action it might have now or in the future against Buyer, whether by way of affirmative action, offset, cross claim or otherwise, resulting from any negligence of Buyer for any loss or damage that may occur to the Work or any part thereof caused by Buyer in the course of any work, to the extent carried out by Buyer at Seller's direction or with Seller's consent in connection with the Project. Seller shall be liable for any loss or damage to any Materials.

(b) Care, custody and control of the Work shall be transferred to Buyer as of the Substantial Completion Date. Buyer shall begin to compile a preliminary punch list as the Work progresses (with Seller and Buyer in good faith mutually determining the Dollar value of such list). Buyer shall submit to Seller the completed preliminary punch list at least ten (10) Business Days prior to the anticipated Substantial Completion Date. Within five (5) Business Days following the Substantial Completion Date, Buyer shall issue to Seller a final punch list (the "Final Punch List"). After receipt thereof, Seller and Buyer shall mutually agree on the punch list items, the value related thereto and on a schedule for completion of such items. Buyer shall withhold from its Progress Payment at the Closing an amount equal to 1.5 times the agreed upon value of the Final Punch List, but shall make periodic pro-rata payments as Seller demonstrates completion of the items on the Final Punch List to Buyer. All of the items on the Final Punch List shall be completed expeditiously after the Substantial Completion Date. Buyer shall provide to Seller reasonable access to the Work for such purpose.

Section 20.3 Dispatch Coordination

During the startup, testing and commissioning of the Plant, Seller shall coordinate with Buyer's Representative and Buyer's operating personnel the orderly startup and shut-down of the Plant. Ninety (90) days prior to the initial startup of the Plant, Seller shall provide to Buyer a schedule of dispatch for the Plant during the commissioning period, including expected net plant output, duration

of the commissioning activity and expected fuel usage. Within thirty (30) days of the initial startup of the Plant, Seller shall provide to Buyer an update to this schedule and thereafter on a weekly basis, until Substantial Completion is achieved. Seller shall also provide 72 hours' advance notice to Buyer of the planned Plant dispatch profile including net plant output, duration of the commissioning period and expected fuel usage.

Section 20.4 Use Before Acceptance Date

Buyer shall not operate or assume control of all or a portion of the Work prior to the Substantial Completion Date; provided, however, that in no event shall Buyer be limited in its operation of any joint facilities or facilities adjacent to the Work or the Project, except as may expressly be provided in the Construction Coordination Agreement.

Section 20.5 Title and Risk of Loss

(a) Risk of loss with respect to the Project and the Work shall remain with Seller until the Closing Date, whereupon the same shall pass to Buyer.

(b) The Equipment and Plant to be supplied pursuant to this Agreement shall become the property of Buyer at whichever is the earlier of the following times:

(i) the Closing Date;

(ii) when Seller becomes entitled to have the contract value of the Equipment and Plant in question included in an Interim Certificate of Payment, or

(iii) when the Equipment and Plant is appropriated for the purpose of the Project.

Seller shall indemnify and keep Buyer indemnified against any claims, losses or damages arising from any defect in title or encumbrances or charge upon any of the Equipment and Plant supplied pursuant to this Agreement.

Section 20.6 Marking of Equipment and Plant

(a) Where, prior to delivery, the title in Equipment and Plant passes to Buyer, Seller shall, so far as is practicable, set the Equipment and Plant aside and mark it as Buyer's property in a manner reasonably required by Buyer.

(b) Until the Equipment and Plant has been so set aside and marked, Buyer shall be entitled to withhold any interim Progress Payment to which Seller might otherwise be entitled.

(c) Seller shall permit Buyer at any time upon reasonable notice to inspect any Equipment or Plant which has become the property of Buyer and shall grant Buyer or procure the grant of access to Seller's premises for such purposes or any other premises where such Equipment and Plant may be located. Such inspection shall not constitute acceptance of the Equipment and Plant.

(d) All such Equipment and Plant shall be in the care and possession of Seller solely for the purposes of this Agreement and shall not be within the ownership or disposition of Seller.

(e) No Progress Payment or interim Certificate of Payment issued by Buyer shall prejudice its right to reject Equipment or Plant which is not in accordance with the Specifications or this Agreement. Upon any such rejection the title in the rejected Equipment or Plant shall immediately revert to Seller.

(f) Seller shall transfer title to the Work to Buyer at the earliest to occur of (i) when the Equipment and/or the Materials are brought onto the Site; (ii) the specific Equipment and/or Materials are included in a request for a Progress Payment; and (iii) when the Equipment and/or Materials are appropriated for use in the Project. Seller shall cause the Contractor to transfer the Work supplied and performed by the Contractor to Buyer (x) prior to the Closing, free and clear of all Liens other than (A) mechanics liens relating to the Work supplied and performed by the Contractor's Subcontractors that have not yet been paid and (B) amounts payable to Contractor's Subcontractors that are being disputed in good faith provided that the Contractor has posted a bond against such Liens with a bonding company or other surety reasonably acceptable to Buyer, and (y) upon the Closing, free and clear of all Liens. Seller shall indemnify and keep the Buyer indemnified against any claims, losses or damage arising from any defect in title or encumbrances or charge upon any of the Equipment and Plant supplied pursuant to this Agreement.

(g) With respect to any Lien or Claim relating to the Project other than Permitted Liens (i) arising through the Contractor or any Subcontractor, Seller agrees to cause the Contractor or Subcontractor to promptly remove or cause, or cause to be removed, any such Lien or Claim and (ii) Seller agrees promptly to remove or cause, or caused to be removed, any such other Liens or Claims not covered by the immediately preceding clause (i).

(h) Ownership of the Non-Buyer Materials used in connection with the Work shall remain with Seller, the Contractor or the Subcontractors. Notwithstanding the transfer of title of the Work pursuant to Section 20.5 ("Title and Risk of Loss"), the responsibility for care, custody and control thereof, together with the risk of loss or damage thereto shall remain with Seller until the Substantial Completion Date.

Section 20.7 Removal of Equipment

Prior to Final Acceptance, Seller shall remove from the Site all equipment, materials, temporary structures constructed by or on behalf of Seller or other items of any nature required for execution or completion of the Work, but excluding equipment, materials, appliances or other items intended to form or forming part of the Work. Prior to disposition of such items, Seller shall make a written offer to sell items to Buyer which Seller or any Contractor desires to sell. Seller shall leave the Site in good order and in neat and presentable condition. Any surplus items will become the property of Buyer if not removed by Seller or the Contractor within thirty (30) days after Final Acceptance (or such later date contemplated in any completion and demobilization procedure mutually agreed upon by Buyer and the Project Parties). All costs to dispose of any such items not removed by Seller within the thirty (30) days following Final Acceptance (or such later date contemplated in any completion and demobilization procedure mutually agreed upon by Buyer and the Project Parties) and which Buyer does not wish to keep shall be for the account of Seller. Prior to removing any equipment from the

Site, Seller shall provide to Buyer a detailed list of Seller Equipment to be removed. No equipment shall be Seller Equipment unless it is included in the then-current list approved pursuant to Section 12.1 (“Seller’s Equipment”).

Section 20.8 Notice of Final Acceptance of Work

Upon completion of all the criteria for Final Acceptance set forth in Appendix H, Seller shall give notice to Buyer by request for Final Acceptance, together with an affidavit that all requirements for Final Acceptance set forth in Appendix H have been met. Thereafter, the same procedures as specified in Section 13.1 (“Changes”) shall apply until Buyer issues notice to Seller accepting Seller’s request for Final Acceptance (“Notice of Final Acceptance”). Disputes as to whether Seller has achieved Final Acceptance shall be resolved pursuant to Article 32 (“Claims, Claim Notice and Dispute Resolution”).

ARTICLE 21

CODES AND STANDARDS

Section 21.1 Comparable Quality

Appendix B sets forth all major systems/sub-systems/Equipment/components which will be supplied in connection with performance of the Work. Notwithstanding the foregoing, the Parties recognize that Appendix B is not all inclusive and does not specify all Equipment/components required for Plant completion. Therefore, the Parties agree that for Equipment/components not specifically set forth in Appendix B, the quality standards of such unspecified Equipment/components shall be consistent with the requirements of Article 14 (“Workmanship and Materials”).

ARTICLE 22

ENVIRONMENTAL MATTERS

Section 22.1 General

Seller shall prepare and submit to Buyer appropriate materials management and emergency response procedures covering any Regulated Materials Seller expects to be used in the completion and testing of the Work, which procedures shall be satisfactory to Buyer. Seller shall comply, and shall cause Contractor and all Subcontractors to comply, at all times with such materials management and emergency response procedures, all Environmental Laws and all Governmental Approvals applicable to the Work and the Site. No Regulated Materials and shall be improperly released, disposed of or buried on the Site.

Seller shall immediately notify Buyer and applicable Governmental Authorities of any Release by Seller or any Subcontractor of Regulated Materials at the Site which is reportable to Governmental Authorities under applicable Environmental Laws and take such emergency measures as are prudent and necessary to protect the environment consistent with the materials management and emergency response procedures referred to above and Applicable Law. Seller shall take all appropriate steps

consistent with the materials management and emergency response procedures referred to above and Applicable Law for immediate containment of any such Release and Remediation of the affected area.

Section 22.3 Release Off-Site

In the event of a Release by Seller, the Contractor or any Subcontractor of a Regulated Material off the Site but related to the Work which is reportable to Governmental Authorities under applicable Environmental Laws, Seller shall be responsible for notifying all applicable federal, state and local regulatory agencies in accordance with Applicable Law or for causing such notification to occur by the party responsible for such action. To the extent required, Seller shall take all appropriate steps consistent with the materials management and emergency response procedures referred to above and Applicable Law for immediate containment of any such Release and Remediation of the affected area.

Section 22.4 Liability

To the extent any Release referred to in Section 22.2 (“Release On-Site”) and Section 22.3 (“Release Off-Site”) above is caused by an act or omission of Seller, the Contractor, or any Subcontractor, Seller shall be responsible for all Liabilities with respect to such Release and the indemnification provisions set forth in Section 26.1 (“Indemnification for Third Party Claims”) shall apply.

Section 22.5 Pre-existing Regulated Materials

(a) Seller shall develop a contingency plan to address contaminated soils or groundwater that Seller may encounter during construction of the Project. The purpose of the contingency plan is to avoid any delays in construction of the Project by planning in advance how to respond to unexpected pre-existing environmental conditions that could impact the Project Schedule or the Guaranteed Substantial Completion Date. The contingency plan shall, at a minimum, provide for:

(i) a contaminated soils staging area so that construction of the Project can continue without delays. Such contaminated soils (that must be removed for construction purposes) can be placed in the staging area while testing and subsequent disposal decisions are made;

(ii) the handling of any contaminated groundwater that might be extracted, including the prospective procurement of a UPDES permit in the event the contingency plan calls for such extracted water being discharged into an area that is subject to the Clean Water Act jurisdiction; and

(iii) the final disposal of all Regulated Materials and contaminated materials encountered on the Site.

(b) Seller shall be responsible for implementing any recommendations relating to pre-existing Regulated Materials contained in any environmental surveys or reports.

Section 22.6 Notice

Seller shall immediately notify Buyer of the occurrence of any event that would or could reasonably be expected to result in any violation or noncompliance or potential violation or noncompliance of any

Environmental Law relating to the Work, the Plant, or the Site, or otherwise constitutes a Material Adverse Change under this Agreement.

ARTICLE 23

WARRANTIES OF WORK

Section 23.1 Warranties

(a) Seller warrants that, for the duration of the Warranty Period, the Work shall be (i) free from Defects in design, engineering, workmanship, materials and operations, (ii) in accordance with this Agreement, and (iii) in compliance with Applicable Law. Seller further warrants that all Equipment and Plant shall be new and of standard quality, free of Defects and deficiencies in design, material, workmanship and title (the “Warranty”).

(b) The Warranty shall not extend to Defects or deficiencies to the extent resulting from (i) operation by Buyer’s personnel in a manner inconsistent with or contrary to instructions contained in the Operation and Maintenance Manuals, (ii) repairs or alterations by Buyer’s personnel in a manner inconsistent with or contrary to instructions provided by Seller or as contained in the Operation and Maintenance Manuals provided by Seller, or (iii) normal wear and tear.

In no event shall any Warranty terminate less than eighteen (18) months following the Closing Date.

Section 23.3 Repair of Defects

If Buyer or Seller discovers that the Work, or any portion thereof, fails to meet the Warranty, the it shall notify the other Party of such failure promptly upon discovery, along with the reasonable basis therefor. Upon receipt of such notice, or upon Seller’s own discovery thereof, Seller shall promptly (i) cure such failure in accordance with the Warranty and (ii) perform such tests as Buyer may reasonably require to demonstrate the cure of such failure. Seller shall coordinate repairing, replacing or re-performing any of the Work with Buyer so as to minimize any adverse effects on the operation of the Project.

Section 23.4 Warranty Period Extension

(a) Extension for Corrected Work. Any Work re-performed and any part of the Site that is reworked, repaired or replaced in satisfaction of Seller’s obligations in connection with the Warranty will be re-warranted by Seller pursuant to the same Warranty set forth in this Article 23, and Seller will have the same obligations in relation thereto as set forth in this Article 23 for a period equal to eighteen (18) months from the date such re-performance, rework, repair or replacement is completed.

(b) Extension for Total Shutdown. If, during the Warranty Period, the Site is shut down (other than for the purpose of scheduled or routine maintenance) and such shutdown is caused by a defect or failure covered by the Warranty, then the Warranty Period will be extended by a period equal to the duration of the shutdown required to repair such defect or failure.

Section 23.5 Contractor and Subcontractor Warranties

Seller will procure from the Contractor and each Subcontractor warranties with respect to services, Plant and Equipment provided by such entity for a period of no less than eighteen (18) months after the Closing Date and for a further eighteen (18) months after any warranty repair with respect to the subject of the repair. Seller shall obtain and maintain all such warranties in full force and effect.

Section 23.6 Delay in Remediating Defects

If any such Defect or damage is not remedied by Seller within a reasonable time or requires prompt remediation as a result of an emergency situation existing at the Site, Buyer may proceed to do the Work at Seller's risk and expense provided that it does so in a reasonable manner and notifies Seller of Buyer's intention so to do. All Costs incurred by Buyer shall be deducted from the Purchase Price or be paid by Seller to Buyer.

Section 23.7 Removal of Defective Work

Seller may, with the consent of Buyer, remove from the Site any part of the Work which is defective or damaged, if the nature of the Defect or damage is such that repairs cannot be expeditiously carried out on the Site.

Section 23.8 Further Tests

Section 23.9 Seller to Diagnose

Seller shall, if required by Buyer's Representative in writing and under the direction of Buyer's Representative, diagnose the cause of any Defect. Unless such Defect or its cause shall be one which Seller would otherwise be responsible for repairing, the costs incurred by Seller in diagnosing such Defect shall, subject to this Article 23, be borne by Buyer and added to the Purchase Price.

Section 23.10 Latent Defects

(a) Latent Defects Liability Period. Seller's liability for latent defects shall remain in full force and effect during all phases of the Work for a period beginning on the Closing Date and ending five (5) years thereafter (the "Latent Defects Liability Period").

(b) If any Latent Defect (as defined in Section 23.10(d)) shall appear in any part of the Work during the Latent Defects Liability Period, such Latent Defect shall be Repaired by Seller at

Seller's option, promptly and at Seller's sole cost, provided that the Latent Defect existed and would not have been disclosed by a reasonable examination conducted in accordance with Prudent Industry Practice prior to the expiration of the Defects Liability Period.

(c) Seller agrees that any examination of the Work undertaken by Buyer at a relevant time shall, in respect of that part of the Work examined, constitute a reasonable examination conducted in accordance with Prudent Industry Practice within the meaning of this Article 23.10.

(d) During Latent Defects Liability Period, in the event Seller's OEM issues any notice, including technical information letters, service bulletins or similar notices recommending replacement or repair of one or more parts of the Equipment and such repair or replacement is necessary for continued safe operation of the Equipment or is issued to address a defect in material, or workmanship (each a "Latent Defect"), Seller shall repair or replace the affected parts in accordance with and subject to all the terms of the Warranty provided that Purchaser shall make the affected Work reasonably available for performance of the repairs or modifications and Seller shall cooperate with Purchaser in scheduling such modifications or repairs in order to avoid disruption to Purchaser's operations.

(b) Consequences of Significant Defects. In the event that a Significant Defect occurs, Seller shall make good the Significant Defect.

ARTICLE 24

LIQUIDATED DAMAGES

Section 24.1 General

The Parties agree that it is difficult or impossible to determine with precision the amount of damages that would be incurred by Buyer as a result of Seller's failure to timely complete the Project or to meet the Guaranteed Substantial Completion Date or Performance Guarantees. Accordingly, the Parties expressly agree that if Seller fails to timely complete the Project or to meet the Guaranteed Substantial Completion Date or the Performance Guarantees, any sums which would be payable under this Article 24 because of such failures are liquidated damages and not a penalty, and are fair and reasonable and any such sums represent a reasonable estimate of fair compensation for the losses that may reasonably be anticipated from such failures. Notwithstanding anything to the contrary herein: (a) provisions of this Agreement providing for liquidated damages only relate to damages arising out of Seller's performance under [this Agreement](#), and do not limit damages payable to Buyer related to or arising from the termination of this Agreement, by Buyer or otherwise, and (b) in no event are liquidated damages Buyer's exclusive remedy for any breach or failure to perform by Seller.

Section 24.2 Critical Milestone Guarantee Liquidated Damages

(a) The Project Schedule designates certain times as critical milestones (each a "Critical Milestone") by which Seller represents that each such Critical Milestone will occur by its

respective Target Date. While timely completion of each step in the Project Schedule is important to the success of the Project, the occurrence of each Critical Milestone by its respective Target Date is of critical importance to completion of the Project in a timely manner consistent with Buyer's vital business interests.

(b) The Parties agree that it will be very difficult to determine the cost to Buyer for late delivery of Critical Milestones; therefore, the Parties agree upon the amounts set forth below, as liquidated damages for such late delivery and not a penalty, as consideration for delay in delivery and the resulting loss of beneficial use of the Work associated with each Critical Milestone. Such amounts being Critical Milestones Liquidated Damages ("Critical Milestone LDs").

(c) For each day of delay after the relevant Target Date in achieving any Critical Milestone, the amounts otherwise payable to Seller pursuant to this Agreement shall be reduced by \$[] per day for each day of delay beyond the relevant Target Date in achieving any Critical Milestone ("Reduction Amount").

(d) The Reduction Amount (i) shall arise independently with respect to each such delay and (ii) shall arise independently with respect to Late Substantial Completion LDs as defined in Section 24.3 ("Liquidated Damages for Delay in Substantial Completion"). At Buyer's option and in its sole discretion, Buyer may either require Seller to pay to Buyer the Reduction Amount or may deduct the Reduction Amount from any monies subsequently payable to Seller.

(e) Nothing in this Article 24, including without limitation Buyer's full payment of amounts owed hereunder, diminishes or impairs Buyer's other rights and remedies against Seller.

Section 24.3 Liquidated Damages for Delay in Substantial Completion

If Seller fails to achieve Substantial Completion prior to the Substantial Completion LD Commencement Date, then commencing on the Substantial Completion LD Commencement Date, Seller shall pay Buyer liquidated damages, for each day until Seller achieves Substantial Completion, in an amount equal to (a) one hundred seventy-five thousand Dollars (\$175,000.00) per day if the Project is Dispatchable and (b) three hundred fifty thousand Dollars (\$350,000.00) per day if the Project is not Dispatchable (collectively, "Late Substantial Completion LDs"). (500MW nominal CCCT)

Section 24.4 Liquidated Damages for Net Capacity and Net Heat Rate

Seller shall pay liquidated damages in accordance with the terms and conditions set forth in Section 14 of Appendix H as a result of the failure of the Work to achieve the Guaranteed Net Capacity, the Guaranteed Incremental Net Capacity or the Guaranteed Net Heat Rate and the Guaranteed Incremental Net Heat Rate in accordance with the Performance Guarantees. Seller shall be granted the Cure Period to allow remedial actions to be taken to achieve the Guaranteed Net Capacity and the Guaranteed Incremental Net Capacity or the Guaranteed Net Heat Rate and the Guaranteed Incremental Net Capacity, prior to Seller's being liable for payment of the liquidated damages as provided in Section 14 of Appendix H.

Section 24.5 Liquidated Damages for Startup and Commissioning

If in connection with startup, commissioning and Performance Testing Seller exceeds ninety (90) Equivalent Starts and/or three hundred (300) Fired Hours per Combustion Turbine, then Seller shall pay to Buyer, in addition to any other Liquidated Damages, and amount equal to (a) Twelve Thousand Dollars (\$12,000) per Equivalent Start in excess of ninety (90) Equivalent Starts for either Combustion Turbine; plus (b) Three Hundred Dollars (\$300) per Fired Hour in excess of three hundred (300) Fired Hours for either Combustion Turbine.

Section 24.6 Calculations and Payments of Liquidated Damages

(a) Unless otherwise set forth in this Article 24, all calculations with respect to amounts payable as liquidated damages under this Article 24 shall be made by Seller and provided to Buyer within (i) in the case of Section 24.2 (“Critical Milestone Guarantee Liquidated Damages”) and Section 24.3 (“Liquidated Damages for Delay in Substantial Completion”), ten (10) Business Days after the final day of each month during which amounts become payable thereunder; and (ii) in the case of Section 24.4 (“Liquidated Damages for Net Capacity”) and Section 24.5 (“Liquidated Damages for Startup and Commissioning”), ten (10) Business Days after Buyer’s receipt of the Final Performance Test Report, but no later than ten (10) Business Days after the end of any applicable cure period. Buyer shall have the right to audit such calculations. Seller shall itemize such calculations and such calculations shall include supporting documentation as Buyer shall reasonably request and shall be in sufficient detail to permit Buyer to verify each calculation. Buyer shall notify Seller as soon as reasonably possible of any portion of the calculations with which Buyer disagrees.

(b) Liquidated damages shall bear interest at the Late Payment Rate, compounded daily from the date such amount was due, but not to exceed the maximum rate of interest permitted by Applicable Law.

ARTICLE 25

LIMITATIONS OF LIABILITY

Section 25.1 Duty to Mitigate

In all cases, but subject to any right or remedy which the Party may have under or by virtue of this Agreement, the Party establishing or alleging a breach of Agreement or a right to recover pursuant to any provision of this Agreement or a right to be indemnified in accordance with this Agreement shall be under a duty to take all necessary measures to mitigate the loss which has occurred, provided that the Party can do so without unreasonable inconvenience or cost.

Section 25.2 Limitation of Buyer’s Liability

Subject to the obligation of Seller to pay Liquidated Damages to Buyer under this Agreement, neither Seller nor Buyer shall be liable to the other for any loss of profit or income, loss of use, loss of production, loss of contracts or for any indirect or consequential, multiple, punitive or exemplary damages that may be suffered by the other.

Section 25.3 Enforceability of Liquidated Damages

(a) Enforceability of Liquidated Damages. If the provisions for the payment of Liquidated Damages in this Agreement are held to be unenforceable, Seller agrees to pay to Buyer all actual damages suffered by Buyer due to the circumstances giving rise to the liability to pay Liquidated Damages (had they been enforceable) including loss of profit or income, loss of use, loss of production, loss of contracts and indirect and consequential damages, but subject to the maximum amounts which would have been payable if the Liquidated Damages provisions had been enforceable.

(b) If, however, the provisions for the payment of Liquidated Damages in this Agreement are held to be unenforceable as a result of a claim, objection, defense, dispute or proceedings raised or brought by Seller as part of or during the hearing of which Seller argues that the said provisions are unenforceable on the grounds that such liquidated damages should be construed at law as a penalty (as opposed to an argument or suggestion that Seller is not liable to pay Liquidated Damages pursuant to this Agreement), Seller expressly agrees to pay to Buyer all costs, losses and damages whatsoever (including loss of profit, loss of use and loss of production, loss of contracts and indirect and consequential damages) incurred or payable by Buyer arising from or in connection with the circumstances giving rise to the claim for the payment of Liquidated Damages which has been made by Buyer, WHICH PAYMENTS SHALL NOT BE SUBJECT TO ANY CAPS ON LIABILITY.

Section 25.4 Limitations on Liquidated Damages

(d) The amount of liquidated damages payable by Seller attributable to failure to meet the Guaranteed Net Heat Rate pursuant to Section 24.4 (“Liquidated Damages for Net Capacity”) shall not exceed, in the aggregate, an amount equal to 20% of the Purchase Price.

(e) The amount of liquidated damages payable by Seller attributable to failure to meet the startup and commissioning requirements pursuant to Section 24.5 (“Liquidated Damages for Startup and Commissioning”) shall not exceed, in the aggregate, an amount equal to 15% of the Purchase Price.

(f) The amount of liquidated damages under paragraphs (a) through (e) is cumulative, but shall not exceed, in the aggregate, an amount equal to 75% of the Purchase Price.

(g) Without prejudice to or limitation of Seller's liabilities and obligations set forth under paragraphs (a) through (e), all of which shall be in excess of and not subject to the limitation contained in this Section 25.4(g), the aggregate liability of Seller to Buyer shall not exceed one hundred percent (100%) of the amount of Purchase Price. In calculating the unexpended amounts of Seller's limitations of liability under this Section 25.4, no account shall be taken of any insurance proceeds payable to Seller (whether payable directly to Seller or payable to Seller through Buyer) until such time as such proceeds are actually paid to Buyer. The limitations of liability set out in this Article 25 shall not apply in relation to any failure by Seller to fulfill its obligations due to its gross negligence or willful misconduct under this Agreement.

ARTICLE 26

INDEMNIFICATION

Section 26.1 Indemnification for Third Party Claims

(a) Seller shall defend, indemnify and hold harmless Buyer, its shareholders and Affiliates, and their respective directors, officers, employees and agents, from and against all third party Claims and Liabilities for injury, including death, and property damage caused by, arising out of, or in connection with the performance by any Project Party of the Transaction Documents to the extent any of such Claims or Liabilities were caused by the negligence, gross negligence or willful misconduct of Seller, the Contractor, any Subcontractor, or any of their respective employees or agents.

(b) Buyer shall defend, indemnify and hold harmless Seller and its managers, officers, employees and agents, from and against all third party Claims and Liabilities for injury, including death, and property damage caused by, arising out of, or in connection with Buyer's performance under this Agreement to the extent any of such Claims or Liabilities were caused by the negligence, gross negligence or willful misconduct of Buyer, its employees or agents.

(c) Either Party seeking indemnification under this Agreement (the "Indemnified Party") shall give notice to the Party required to provide indemnification hereunder (the "Indemnifying Party") promptly after the Indemnified Party has actual knowledge of any Claim as to which indemnity may be sought hereunder, and the Indemnified Party shall permit the Indemnifying Party (at the expense of the Indemnifying Party) to assume the defense of any Claim or litigation resulting therefrom; provided that:

(i) counsel for the Indemnifying Party who shall conduct the defense of such Claim or litigation shall be reasonably satisfactory to the Indemnified Party;

(ii) the Indemnified Party may participate in such defense at its own expense, except the Indemnifying Party shall reimburse the Indemnified Party for its participation in such defense to the extent that the Indemnifying Party requests the Indemnified Party to participate in its own defense; and

(iii) the omission by the Indemnified Party to give notice as provided herein shall not relieve the Indemnifying Party of its indemnification obligations hereunder except to the extent

that such omission results in a failure of actual notice to the Indemnifying Party and Indemnifying Party is damaged as a result of such failure to give notice.

Notwithstanding the foregoing, the Indemnifying Party may not settle any Claim related to the indemnity being provided hereunder without the consent of the Indemnified Party, such consent not to be unreasonably withheld.

(d) With regard to any Claim or Liability which is the result of the joint or concurrent fault or negligence of Seller and Buyer, the Parties agree to jointly defend any Claim with respect thereto that is based on such joint or concurrent fault or negligence of Buyer and Seller. Any Claim of contribution or indemnification between Buyer and Seller relating to such Claims shall be resolved on the basis of the percentage of fault or negligence attributable to the Parties and the Parties agree to reserve the determination of such percentage until after resolution of such Claim. Such pro rata share shall be based upon a final judicial determination of the Parties' comparative fault or negligence or, in the absence of such determination, by mutual agreement.

(e) Nothing in this Section 26.1 is intended to allow any Indemnified Party to be indemnified from and against any third party Claims and Liabilities caused by, arising out of, or in connection with the performance of this Agreement to the extent any of such Claims or Liabilities were caused by, arose out of, or were in any way incidental to or in connection with its own negligence or intentional misconduct.

Section 26.2 Title Indemnity and Liens

If Seller fails to do so, Buyer may take such steps and make such expenditures as in its discretion it deems advisable to obtain release of or otherwise satisfy any

such lien or liens, and Seller shall upon demand, reimburse Buyer for all costs incurred and expenditures made by Buyer in obtaining such release or satisfaction.

(e) Seller's obligation to indemnify, defend and hold harmless Buyer from liens shall not in any way be rendered unenforceable, or altered, amended, eliminated or otherwise conditioned by any laws and regulations related to processing such liens, including any obligation to deliver a copy of any notice of claim or right to a lien to Seller or any other person or entity.

(f) If Seller shall default in discharging any Liens, Claims or encumbrances filed or asserted against the Work, Buyer shall promptly provide notice to Seller, and Seller shall then satisfy or defend any such Liens, Claims or encumbrances. If Seller either does not promptly satisfy such Liens, Claims or encumbrances or does not give Buyer reasons satisfactory to Buyer for not paying such Liens, Claims or encumbrances, within fifteen (15) days of Seller's receipt of such notice, Buyer shall have the right, at its option, after providing notice to Seller, to pay or settle such Liens, Claims or encumbrances by agreement, and Seller shall, within fifteen (15) days of request by Buyer, reimburse Buyer for all costs incurred by Buyer to discharge such Liens, Claims or encumbrances, including administrative costs, attorneys' fees and other expenses or Buyer shall have the right to deduct the amount of such costs from the amount payable to Seller. Buyer shall give Seller such assistance as Seller may reasonably require in the defense of such suit, and Buyer shall have the right to be represented herein by counsel of its own choosing at its own expense. If Seller fails to defend diligently any such suit or proceeding, Buyer may, in its reasonable discretion, either defend the suit or proceeding or settle the Claim which is the basis thereof without the consent of Seller and without relieving Seller of the obligation to indemnify as provided herein. In such a case, Seller's obligation to defend shall include reimbursement of Buyer's reasonable legal fees and related costs incurred in defending or settling the suit.

To the extent the specific test methods are not set forth in the Approval Order, then for the purposes of demonstrating the guaranteed air emissions, such air emissions shall be demonstrated by performing testing at the exhaust stack in accordance with the following United States Environmental Protection Agency (USEPA) Test Methods.

3.3 Guaranteed Sound Emissions

FAR FIELD SOUND LEVEL GUARANTEE

Plant sound emissions shall be in compliance with all applicable Requirements of Law which shall take into account baseline data from the existing plant. In the absence of a more stringent regulatory noise requirement the Seller will meet the requirements specified in Section 1.2.5 of Appendix B to the Agreement.

Appropriate corrections, in accordance with the OEM's Sound Test Procedure Principles document and recognized industry standards, shall be made to the operating plant far field sound level measurements.

Section 4
Performance Liquidated Damages

1. General

Liquidated damages will be calculated for performance which fails to achieve the Performance Guarantees (i.e. less than Guaranteed Net Capacity; less than Guaranteed Incremental Net Capacity, greater than Guaranteed Net Heat Rate, greater than Guaranteed Incremental Heat Rate). Heat rates are in Higher Heating Value (HHV).

The following liquidated damage rates shall apply for deficient performance:

- Guaranteed Net Capacity (“GNCLD”) \$1000.00/kW
- Guaranteed Incremental Net Capacity (“GINCLD”) \$500.00/kW
- Guaranteed Net Heat Rate (“GNHRLD”) \$0.65/Btu/kWh/kW
- Guaranteed Incremental Net Heat Rate (“GINHRLD”) \$0.30/Btu/kWh/kW

2. Definitions

8. Final Test Value shall mean the measured Performance Test values which are corrected to the Base Reference Conditions, without any allowance for degradation of the Equipment.

Test Tolerance (“TT”) is expressed as the decimal 0.005, applicable to the net capacity, net incremental capacity, net heat rate and the incremental heat rate. The subscript letters “C”, “IC”, “HR” and “IHR” represent net capacity, incremental net capacity, net heat rate and incremental net heat rate respectively, in the following equations.

C_t = The Final Test Value of net capacity when the Plant is operating on Guarantee Fuel, in kilowatts.

IC_t = The Final Test Value of incremental net capacity when the Plant is operating on Guarantee Fuel, in kilowatts.

HR_t = The Final Test Value of net heat rate when the Plant is operating on Guarantee Fuel, in Btu/kWh, HHV.

IHR_t = The Final Test Value of incremental net heat rate when the Plant is operating on Guarantee Fuel, in Btu/kWh, HHV.

C_g = The Guaranteed Net Capacity when the Plant is operating on Guarantee Fuel (Note 1), in kilowatts.

ICg= The Guaranteed Incremental Net Capacity when the Plant is operating on Guarantee Fuel (Note 1), in kilowatts.

HRg= The Guaranteed Net Heat Rate when the Plant is operating on Guarantee Fuel (Note 1), in Btu/kWh, HHV.

IHRg= The Guaranteed Incremental Net Heat Rate when the Plant is operating on Guarantee Fuel (Note 1), in Btu/kWh, HHV.

Note 1: These values are the guaranteed values shown in Section 3.1 above.

3. Calculation of Liquidated Damages Relative to Net Capacity

$$(C_g - [C_t \times (1+TT)]) \times \text{GNCLD} = A$$

The liquidated damage amount relative to net capacity shall equal the value of A if A is positive. If A is negative, no liquidated damages are applicable.

4. Calculation of Liquidated Damages Relative the Incremental Net Capacity

$$(IC_g - [IC_t \times (1+TT)]) \times \text{GINCLD} = B$$

The liquidated damage amount relative to incremental net capacity shall equal the value of B if B is positive. If B is negative, no liquidated damages are applicable

5. Calculation of Liquidated Damages Relative to Net Heat Rate

$$([HR_t \times (1 - TT)] - HR_g) \times \text{GNHRLD} \times C_g = C$$

The liquidated damage amount relative to net heat rate shall equal the value of C if C is positive. If C is negative, no liquidated damages are applicable.

6. Calculation of Liquidated Damages Relative to the Incremental Net Heat Rate

$$([IHR_t \times (1 - TT)] - IHR_g) \times \text{GINHRLD} \times IC_g = D$$

The liquidated damage amount relative to Incremental net heat rate shall equal the value of D if D is positive. If D is negative, no liquidated damages are applicable.

THIS CONSTRUCTION COORDINATION AGREEMENT (“Agreement”) is made and entered into as of the Effective Date (as defined below), by and between PacifiCorp, an Oregon corporation (“PacifiCorp”), and _____, a _____ [limited liability company] (“[NAME]”) (PacifiCorp and [NAME] are individually referred to herein as a “Party” and collectively as the “Parties”).

RECITALS

WHEREAS, PacifiCorp is an investor owned electric utility company subject to regulation by the Public Service Commission of Utah;

WHEREAS, PacifiCorp owns, operates and maintains Unit 1 at its generation facility located in _____, Utah.

WHEREAS, [NAME] desires to construct Unit 2, to be located adjacent to Unit 1 at the Facility;

WHEREAS, PacifiCorp and [NAME] have entered into an [Asset Purchase and Sale Agreement (“APSA”) / Engineering, Procurement and Construction Contract (“EPC Contract”)] providing for the [purchase / construction] by PacifiCorp of Unit 2;

WHEREAS, there is a need to coordinate the activities of [NAME] and its contractor(s) and subcontractors during construction of Unit 2 to avoid potential interference with the operation of Unit 1 and the construction of Unit 2;

NOW, THEREFORE, in consideration of the foregoing, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each Party, the Parties hereto agree as follows:

ARTICLE I Definitions; Headings

1.1 Definitions

Unless the context shall otherwise require, capitalized terms used in this Agreement shall have the meanings assigned to them in the Glossary of Defined Terms attached hereto as Exhibit “A”, which also contains rules as to usage that shall be applicable herein.

ARTICLE II Term and Governing Provisions

2.1 Term.

The Term of this Agreement shall become effective on the Effective Date and, unless earlier terminated pursuant to provisions hereof, shall continue in effect until PacifiCorp has accepted the [APSA/EPC CONTRACT] or has achieved Final Acceptance as provided in the [APSA/EPC CONTRACT].

2.2 Governing Provisions.

As a matter of general priority, in the event of any conflict between the provisions of this Agreement or the [APSA/EPC CONTRACT], the provisions of the [APSA/EPC CONTRACT] shall govern. Disputes related to the matters to be performed pursuant to this Agreement and not involving the [APSA/EPC CONTRACT] or work performed by or at the direction of the [APSA/EPC CONTRACT], shall nonetheless be governed by [Article 32 / 31 (“Claims, Claim Notice and Dispute Resolution”)] in the [APSA/EPC CONTRACT].

ARTICLE III Construction Interfaces

3.1 Construction Control.

Except as provided in the [APSA/EPC CONTRACT], until the Substantial Completion Date [NAME] and its contractors shall be responsible for and have sole control over the construction of Unit 2, except for interconnections with Unit 1 and the Common Facilities. Beginning on the Substantial Completion Date, PacifiCorp shall have control over the Facility in accordance with the terms and conditions of the [APSA/EPC CONTRACT]. The [NAME] shall coordinate with PacifiCorp all activities to be performed under the [APSA/EPC CONTRACT] pursuant to this Agreement, particularly if such activities may require taking Unit 1 off-line or have a substantial possibility of causing an outage at Unit 1.

[NAME] shall be responsible for erecting a temporary and movable construction fence (the “Construction Fence”) on the Site for the purpose of separating the Unit 2 construction area (the “Construction Area”), which is initially depicted by the cross-hatched area on Exhibit “C” attached hereto, from the rest of the Facility, including Unit 1, the switchyard and the Common Facilities. The Construction Fence may be moved and relocated as necessary with the prior written consent of PacifiCorp following the completion of certain phases of construction for the purpose of accessing other areas of the Facility, all as set out in the Project Schedule. During the Term, [NAME] will be in control of the Construction Area and will maintain a separate gate for access to the Construction Area. At the time of Substantial Completion, the Construction Area will be reduced to [NAME]’s staging and laydown area and separate gate, and shall not include any Facilities necessary for operation of Unit 1, Unit 2 or the Common Facilities.

[NAME] shall at all times utilize and cause its contractors, subcontractors, personnel and other persons allowed at any part of the Facility by Contractor to utilize only [NAME]’s separate gate to the Construction Area.

3.2 [NAME]’s Access to PacifiCorp’s Area.

[NAME] shall provide PacifiCorp with reasonable notice of its need to access PacifiCorp’s Area for performance of work activities associated with the Common Facilities. [NAME] and PacifiCorp shall agree on a schedule for the performance of all work activities in PacifiCorp’s Area consistent with the Project Schedule. PacifiCorp

shall arrange for any safety instruction and workplace policy training deemed appropriate by PacifiCorp for [NAME]'s personnel prior to [NAME]'s personnel being allowed in PacifiCorp's Area. PacifiCorp shall arrange for escorts for [NAME]'s personnel accessing PacifiCorp's Area to the extent PacifiCorp reasonably deems such escorts necessary. In the event [NAME] needs to work on a system that could be used by PacifiCorp for the operation of Unit 1, [NAME] shall provide PacifiCorp with written notice and receive authorization from PacifiCorp that the system has been deactivated before commencing work on the system and [NAME] shall notify PacifiCorp once it completes work on the system so PacifiCorp can inspect and reactivate the system in accordance with PacifiCorp's Tagging and Safety Program.

3.3 PacifiCorp Access to the Construction Area.

At all times prior to the Substantial Completion Date [NAME] shall provide PacifiCorp and PacifiCorp's personnel access to the Construction Area upon PacifiCorp's request. [NAME] and PacifiCorp shall agree on a schedule for the performance of work activities by PacifiCorp's personnel in the Construction Area. PacifiCorp's personnel shall comply with [NAME]'s published safety program requirements while in the Construction Area. [NAME] may arrange for escorts for any PacifiCorp personnel accessing the Construction Area to the extent [NAME] reasonably deems such escorts necessary. The above notwithstanding, PacifiCorp may access the Construction Area without notice for the purpose of carrying out activities required for the operation of Unit 1 or responding to an Emergency.

3.4 Project Schedule and Coordination of PacifiCorp Support.

[NAME] shall (a) schedule all activities that will require or may result in the shutdown of or inability to dispatch Unit 1, and all Work activities performed on or affecting the Common Facilities in accordance with the Project Schedule, (b) notify PacifiCorp in writing of such schedule(s) at the earliest practicable time, and (c) update such schedules in writing as necessary. [NAME] shall not undertake the foregoing Work activities until PacifiCorp has agreed in writing with such schedule and plan for performing the identified Work.

3.5 Unit 1 and PacifiCorp's Area Control.

PacifiCorp shall have sole control over the operation of Unit 1 and the remainder of PacifiCorp's Area at all times.

3.6 Restrictions During Construction.

- (a) Except as otherwise provided in this Agreement, [NAME] shall perform or cause to be performed all construction activities with respect to Unit 2 in a manner that will avoid interference with PacifiCorp's operation of Unit 1.
- (b) [NAME] shall restrict construction workers and other personnel not employed by PacifiCorp from access to PacifiCorp's Area except as authorized in advance by PacifiCorp's Representative. Upon the reasonable request of [NAME],

PacifiCorp shall authorize access to PacifiCorp's Area for the purpose of undertaking activities necessary to integrate Unit 2 into the Common Facilities, and after the Substantial Completion Date to perform any work activities required under the [APSA/EPC CONTRACT], in accordance with the Project Schedule and the Work plan required under Section 3.4 above.

3.7 Transportation Routes and Lay-Down Areas.

[NAME] shall designate adequate transportation routes and lay-down areas for the construction work and materials for Unit 2.

3.8 Employee Discipline.

[NAME] shall adopt and enforce policies for disciplining construction employees if the employees' actions affect or are likely to affect Unit 1 or the Common Facilities other than as provided in the Work plan and in Section 3.4 above. Without limiting the provisions of the [APSA/EPC CONTRACT], any construction employee found to have violated Unit 1's security requirements regarding escorting and physical access to certain PacifiCorp's Areas described in the attached Exhibit "D" shall, at the request of PacifiCorp be assigned to work outside PacifiCorp's Area and shall be disciplined to the full extent permissible under [NAME]'s project labor agreement (if any), including without limitation terminated at PacifiCorp's request.

3.9 Security and Safety Requirements.

In addition to the requirements of [APSA/EPC CONTRACT] [NAME] shall, consistent with good and generally accepted construction practices, undertake all commercially reasonable efforts to protect any and all parallel, converging and intersecting electric lines and poles, telephone lines and poles, highways, waterways, railroads, sewer lines, natural gas pipelines, drainage ditches, culverts, Unit 1 existing facilities and any and all property of others related to the Facility, and shall indemnify PacifiCorp from any and all Claims with respect to [NAME]'s actions or failures to act in connection with such facilities and property in connection with the Work.

3.8 Transition from Construction to Operation.

(a) PacifiCorp shall provide oversight and consent of activities necessary for the connection of the Unit 2 systems with the Common Facilities and the activities necessary for the commissioning and Startup of Unit 2 as provided in the [APSA/EPC CONTRACT]. PacifiCorp shall provide [NAME] and its employees and contractors with reasonable controlled access to all Common Facilities, including the control room, to enable [NAME] and its contractors to interconnect Unit 2 with the Common Facilities, all in accordance with the Work Project Schedule, and upon receipt of notice from [NAME].

(b) Prior to Substantial Completion of Unit 2, PacifiCorp shall provide [NAME] with on-staff operating personnel for Startup, testing (including Performance Testing) and operation of Unit 2 in accordance with the [APSA/EPC CONTRACT]. The

operating personnel shall perform this work under the supervision and direction of [NAME]. [NAME] shall remain responsible and liable for the actions of the on-staff operating personnel while under the supervision, direction and control of [NAME].

- (c) In accordance with the [APSA/EPC CONTRACT], all work performed by [NAME] and materials stored within the boundaries of the Facility during the construction, tie-in related work and work on the distributed control system in the existing control room shall comply with PacifiCorp's Tagging and Safety Program.

ARTICLE IV Construction Damage

4.1 Construction Damage.

In the event any activities undertaken in connection with the development, construction, commissioning or testing of Unit 2 cause any physical damage ("Construction Damage") to Unit 1, to the Common Facilities or to any portion of PacifiCorp's Area:

- (a) [NAME] shall be responsible for the full cost of rebuilding, restoring and/or repairing all Construction Damage.
- (b) [NAME] shall promptly, and in any event no later than one (1) day after the date on which the Construction Damage occurred, consult with PacifiCorp regarding the extent of the Construction Damage and possible approaches to remedying the Construction Damage.
- (c) [NAME] shall promptly, and in any event no later than five (5) days after the date on which the Construction Damage occurred, submit to PacifiCorp a detailed written proposal for rebuilding, restoring or replacing, at [NAME]'s expense, such Construction Damage.
- (d) PacifiCorp shall promptly evaluate any proposal submitted by [NAME] for, rebuilding, restoring or replacing, at [NAME]'s expense, such Construction Damage.
- (e) If PacifiCorp determines that [NAME] possesses the demonstrated qualifications and capability to timely perform the remedial actions set out in the proposal, PacifiCorp will cooperate with [NAME] to promptly undertake the rebuilding, restoration or replacement of the Construction Damage set out in the proposal to PacifiCorp's satisfaction, subject to such terms, conditions and restrictions as PacifiCorp may deem appropriate to ensure that the proposed activities comply with PacifiCorp's safety programs and practices and that the remedial actions will not result in further damage or loss of generation with respect to Unit 1 operations.

- (f) If PacifiCorp concludes that [NAME] lacks the demonstrated qualifications and capability or otherwise is not in a position to timely perform the remedial actions set out in the proposal, if [NAME] does not agree with PacifiCorp's terms, conditions and restrictions described in paragraph (d) above, or if [NAME] does not promptly undertake such remedial actions, then PacifiCorp shall be entitled to promptly commence repairs to any Construction Damage to Unit 1 or the Common Facilities at [NAME]'s sole expense.
- (g) In the event that [NAME] does not reimburse PacifiCorp for any cost of rebuilding, restoration or replacement activities related to the Construction Damage incurred by PacifiCorp (including without limitation the reasonable cost of PacifiCorp's consultants and internal personnel and resources) within thirty (30) days of PacifiCorp's invoice for the same, then PacifiCorp may set off any amounts owing to PacifiCorp from [NAME] from the next Progress Payment (as defined in the [APSA/EPC CONTRACT]);
- (h) Nothing in this Article IV is intended to be nor shall operate as a limitation on PacifiCorp's right or ability to recover damages from [NAME] pursuant to the [APSA/EPC CONTRACT], this Agreement or otherwise at law or in equity.

ARTICLE V Shutdowns

5.1 Scheduled Shutdowns of Unit 1.

The Parties recognize that Unit 1 must be temporarily shut down for interconnection of Unit 2 to the Common Facilities and for other defined construction-related activities as identified in the Project Schedule. All scheduled shutdowns shall be scheduled, to the extent possible, during weekends and holiday periods.

IN NO EVENT SHALL ANY SCHEDULED SHUTDOWNS BE SCHEDULED DURING THE MONTHS OF JUNE, JULY, AUGUST OR SEPTEMBER, except and to the extent that Unit 1 has scheduled maintenance outages scheduled during such period.

[NAME] shall schedule and provide to PacifiCorp, at least 7 days prior to any necessary shutdown, written notice of the next upcoming outage and of any proposed changes to the outage periods set out in the Project Schedule.

[NAME] shall coordinate with PacifiCorp to balance the need to reduce these shutdown periods and to utilize other times of economic shutdown of Unit 1 to perform the required work under the [APSA/EPC CONTRACT] with the need to utilize these shutdown periods to perform work activities that have a reasonable probability of causing an unplanned shutdown of Unit 1.

5.2 Unscheduled Shutdowns of Unit 1.

- (a) [NAME] shall be responsible for conducting its development, construction, commissioning, testing and startup activities in a manner that minimizes the impact of Unit 2 construction on the operation of Unit 1.
- (b) In the event activities performed by [NAME] or its contractors causes Unit 1 to experience an unscheduled shutdown or loss of power generation capability (each an “Unscheduled Shutdown”), [NAME] shall be liable to PacifiCorp for all damages incurred by PacifiCorp in connection with such Unscheduled Shutdown. Damages associated with an Unscheduled Shutdown shall include, without limitation, (i) \$12,000, multiplied by the OEM’s equivalent start ratio for the affected unit(s) per Unscheduled Shutdown occurrence, (ii) the cost of all physical damage to any Unit 1 equipment that is demonstrated to have occurred due to the Unscheduled Shutdown, and (iii) the cost of replacement power (“Replacement Power Costs”) for the period of the Unscheduled Shutdown.
- (c) Replacement Power Costs shall be calculated as follows, and shall be payable whether or not PacifiCorp actually purchases replacement power for the applicable period as liquidated damages for the lost generation portion of damages only:

- (i) If an Unscheduled Shutdown occurs during Work scheduled pursuant to Section 5.2(e)(i) while Unit 1 is operating, replacement power costs shall be calculated as the product of **(1) the Dow Jones SP15 Daily Firm On-Peak Index for the day of delivery, expressed in \$/MWh, multiplied by (2) the provided Hourly Scalar for each hour, multiplied by (3) the loss factor of 1.112, plus (4) the basis of \$13/MWh** during each hour or portion of hour of the Unscheduled Shutdown, **minus** (5) Unit 1’s incremental cost of generating power (i.e., the product of a given plant’s then effective net heat rate multiplied by midpoint of the Kern River, Opal Plant Platt’s Daily Gas Index at the time of the Unscheduled Shutdown expressed in units of \$/mmBtu)

$$\text{_____} = \text{Market Price} - \text{Incremental Cost}$$

$$\text{Replacement Power} = (1 \times 2 \times 3 + 4) - 5$$

- (d) After an Unscheduled Shutdown of Unit 1, any such future work that is to be performed by [NAME] or its contractors of the same or similar nature to that which caused the Unscheduled Shutdown shall proceed as follows:
 - (i) PacifiCorp and [NAME] shall develop a plan designed to accomplish the necessary work in a manner that will avoid reoccurrence of the Unscheduled Shutdown.

- (ii) Such work plan shall provide that such work may, at PacifiCorp's election:
 - (1) be rescheduled to begin within, and end not less than five (5) hours before the end of, a subsequent Off-Peak Hourly Periods, during which Unit 1 may continue to operate; or
 - (2) PacifiCorp may elect to schedule a shutdown of Unit 1 during any subsequent Off-Peak Hourly Periods and such work may be performed during such shutdown beginning within, and ending no less than two (2) hours before the end of, such Off-Peak Hourly Periods.
- (e) PacifiCorp shall provide [NAME] with not less than eight (8) hours' advance notice (to be confirmed in writing) of any election to schedule a shutdown of Unit 1 pursuant to Section 5.2(d)(ii)(2).
- (f) Nothing in this Article V is intended to be nor shall operate as a limitation on PacifiCorp's right or ability to recover damages from [NAME] pursuant to the [APSA/EPC CONTRACT], this Agreement or otherwise at law or in equity.

5.3 Testing and Initial Firing of Combustion Turbines.

[NAME] shall conduct testing and initial firing of the Unit 2 combustion turbine generator during Off-Peak Hourly Periods.
