Our Supplier Diversity Business Development objectives:

- Actively and routinely seek out qualified minority-owned, women-owned, disabled veteran-owned and small business enterprises that can provide competitive and high-quality commodities and services in a competitive market.
- Encourage participation and support of supplier diversity by major suppliers to PacifiCorp who are not minority-owned, women-owned, disabled veteran-owned and small business enterprises.
- Seek out opportunities to assist in the development and competitiveness of diversity suppliers through instruction, mentoring and outreach.

Our commitment is not philanthropic – business relationships must meet the test of providing value to both PacifiCorp and the diversity-owned business or small business.
