Subject: Huntington CCR Landfill Semiannual Assessment Monitoring First Half 2019
Appendix IV Ground Water Protection Standard Notification

Dear Mr. Anderson,

In accordance with 40 CFR 257.95(g) the results of ground water assessment monitoring indicate that a notification is required for the coal combustion residual unit CCR Landfill at the Huntington Power Plant in Huntington, Utah. PacifiCorp has completed the 2019 first half subsequent assessment monitoring and the statistical analysis resulting in the following results.

Sampling Event	Appendix IV Constituents Exceeding Groundwater Protection Standards
2018 Assessment Monitoring	Chromium, Cobalt, Lithium, Molybdenum, and Selenium
First Half 2019 Assessment Monitoring	Cobalt, Lithium, and Selenium

PacifiCorp is currently in the process of selecting a remedy as required in 40 CFR 257.97(a)(1).

If you have any questions regarding the notification please contact Russ Willson Environmental Analyst 435.687.4331.

Sincerely,

Darrell Cunningham
Managing Director, Huntington Power Plant
