Huntington Plant
CCR Fugitive Dust Control Plan
Annual CCR Fugitive Dust Control Report

Name, Title: Russell Willson ***Sr. Environmental Analyst***	***Date: 10/05/2021***

Description Of The Actions Taken To Control CCR Fugitive Dust:

- All fly ash received water prior to being transported to the CCR Landfill to limit fugitive dust potential.
- The CCR Landfill is watered daily using water trucks – truck logs available on request
- All CCR ash handling facilities are properly managed to prevent fugitive dust – weekly inspections are on file and available on request
- Fugitive dust control measures are taken according to the CCR Fugitive Dust Control plan – on file

Record Of All Citizen Complaints:

There were no CCR fugitive dust Citizen Complaints received during the reporting period.

Summary Of Any Corrective Actions Taken:

No corrective actions taken during the reporting period. The CCR Fugitive Dust Control plan is effective as written.
