

APPENDIX 4B
BOVEE SUBSTRATE CODE

Appendix 4B. BOVEE SUBSTRATE CODE

Bovee Code:

- | | | |
|---|-----------------------------------|-------------------|
| 1 | – Plant Detritus/Organic Material | |
| 2 | – Mud/Soft Clay | (<0.0002") |
| 3 | – Silt | (0.0002 - 0.002") |
| 4 | – Sand | (0.002 - 0.25") |
| 5 | – Gravel | (0.25 - 3.0") |
| 6 | – Cobble | (3.0 - 12.0") |
| 7 | – Boulder | (>12") |
| 8 | –Bedrock | |

The Bovee code is based on adjacent substrate classification.

Examples: 4.6 = 60% Gravel, 40% Sand
5.2 = 80% Gravel, 20% Cobble
