RCW 54.28.020

Tax imposed -- Rates -- Additional tax imposed.

(1) There is hereby levied and there shall be collected from every district a tax for the act or privilege of engaging within this state in the business of operating works, plants or facilities for the generation, distribution and sale of electric energy. With respect to each such district, except with respect to thermal electric generating facilities taxed under RCW 54.28.025, such tax shall be the sum of the following amounts: (a) Two percent of the gross revenues derived by the district from the sale of all electric energy which it distributes to consumers who are served by a distribution system owned by the district; (b) five percent of the first four mills per kilowatt-hour of wholesale value of self-generated energy distributed to consumers by a district; (c) five percent of the first four mills per kilowatt-hour of revenue obtained by the district from the sale of self-generated energy for resale.

(2) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (1) of this section.

Distribution of tax.

After computing the tax imposed by RCW 54.28.020(1), the department of revenue shall instruct the state treasurer, after placing thirty-seven and six-tenths percent in the state general fund to be dedicated for the benefit of the public schools, to distribute the balance collected under RCW 54.28.020(1) (a) to each county in proportion to the gross revenue from sales made within each county; and to distribute the balance collected under RCW 54.28.020(1) (b) and (c) as follows: If the entire generating facility, including reservoir, if any, is in a single county then all of the balance to the county where such generating facility is located. If any reservoir is in more than one county, then to each county in which the reservoir or any portion thereof is located a percentage equal to the percentage determined by dividing the total cost of the generating facilities, including adjacent switching facilities, into twice the cost of land and land rights acquired for any reservoir within each county, land and land rights to be defined the same as used by the federal power commission. If the powerhouse and dam, if any, in connection with such reservoir are in more than one county, the balance shall be divided sixty percent to the county in which the owning district is located and forty

percent to the other county or counties or if said powerhouse and dam, if any, are owned by a joint operating agency organized under chapter 43.52 RCW, or by more than one district or are outside the county of the owning district, then to be divided equally between the counties in which such facilities are located. If all of the powerhouse and dam, if any, are in one county, then the balance shall be distributed to the county in which the facilities are located.

The provisions of this section shall not apply to the distribution of taxes collected under RCW 54.28.025.

RCW 54.28.010

Definitions.

As used in this chapter:

(1) "Operating property" means all of the property utilized by a public utility district in the operation of a plant or system for the generation, transmission, or distribution of electric energy for sale;

(2) "Taxing districts" means counties, cities, towns, school districts, and road districts;

(3) "Distributes to consumers" means the sale of electric energy to ultimate consumers thereof, and does not include sales of electric energy for resale by the purchaser;

(4) "Wholesale value" means all costs of a public utility district associated with the generation and transmission of energy from its own generation and transmission system to the point or points of inter-connection with a distribution system owned and used by a district to distribute such energy to consumers, or in the event a distribution system owned by a district is not used to distribute such energy, then the term means the gross revenues derived by a district from the sale of such energy to consumers;

(5) "Thermal electric generating facility" means a steam-powered electrical energy producing facility utilizing nuclear or fossil fuels;

(6) "Placed in operation" means delivery of energy into a transmission or distribution system for use or sale in such a manner as to establish a value accruing to the power plant operator, except operation incidental to testing or startup adjustments;

(7) "Impacted area" for a thermal electric generating facility on a federal reservation means that area in the state lying within thirty-five statute miles of the most commonly used entrance of the federal reservation and which is south of the southern boundary of township fifteen north.

[1977 ex.s. c 366 § 1; 1967 ex.s. c 26 § 22; 1959 c 274 § 1; 1957 c 278 § 7. Prior: (i) 1941 c 245 § 1, part; Rem. Supp. 1941 § 11616-1, part. (ii) 1949 c 227 § 1(f); Rem. Supp. 1949 § 11616-2(f).]
