

## **PacifiCorp Energy Statement of Interest Hydro Resources Weber Relicensing Team**

**PacifiCorp Energy (Berkshire Hathaway) VISION:** Transform the future of electricity in the West through innovation, flexibility, and strategic partnerships.

**PacifiCorp Energy (Berkshire Hathaway) MISSION:** To be the best energy company in serving our customers, while delivering sustainable energy solutions.

We have an interest in:

- Reaching full and timely agreement through collaboration on all issues, including the identification and implementation of protection, mitigation and enhancement measures to be included in the FERC relicensing of the Weber Hydroelectric Project.
- Promoting an open, interest-based process where all participants can safely voice opinions and reach collaborative solutions that will work and are sustainable over time.
- Operating the Weber project in the public interest:
  - Safe, economic, sustainable generation operations
  - Mitigate project impacts/environmental footprint
  - Provide enhancements
- Preserving the renewable, efficient generation and other values provided by the project.
- Protecting PacifiCorp's current investment and ensuring that future investment in the projects is prudent for customers and stakeholders.
- Using quality and relevant science to inform policy and resource decisions that will be made in the relicensing negotiations.
- Enhancing our reputation as a responsible corporate citizen and environmental steward.
- Fostering long-term relationships with agencies, tribes, the local community, and other stakeholders.
- Ensuring public and employee safety.

### **Resource-Specific Interests**

- Protecting and enhancing native fisheries and other aquatic resources in the Weber River watershed.
- Maintaining high quality recreational fishing and day-use experiences.
- Respecting cultural values and resources on project lands.
