

# PacifiCorp - Stakeholder Feedback Form

## 2019 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2019 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

Date of Submittal 9/6/2018

\*Name: Justin Brant

Title: Senior Associate, Utility Program

\*E-mail: [jbrant@swenergy.org](mailto:jbrant@swenergy.org)

Phone: 303-447-0078x2

\*Organization: SWEEP

Address: 2334 Broadway, Suite A

City: Boulder

State: CO

Zip: 80304

Public Meeting Date comments address: 8/30/2018

Check here if not related to specific meeting

List additional organization attendees at cited meeting:

Kevin Emerson, Utah Clean Energy

**\*IRP Topic(s) and/or Agenda Items:** List the specific topics that are being addressed in your comments.

Achievable Potential Supply Curve

Check here if any of the following information being submitted is copyrighted or confidential.

**\*Respondent Comment:** Please provide your feedback for each IRP topic listed above.

Is it possible to provide the levelized cost curve on Slide 10 for Utah only? In addition, can you break out the achievable potential for Utah on Slide 12 by sector.

### **PacifiCorp Response:**

A meeting was held between PacifiCorp and Southwest Energy Efficiency Project (SWEEP) on September 12, 2018. The requested information was provided to SWEEP on September 20, 2018.

**Data Support:** If applicable, provide any documents, hyper-links, etc. in support of comments. (i.e. gas forecast is too high - this forecast from EIA is more appropriate). If electronic attachments are provided with your comments, please list those attachment names here.

**Recommendations:** Provide any additional recommendations if not included above - specificity is greatly appreciated.
