

PacifiCorp - Stakeholder Feedback Form

2019 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2019 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

Public Utility Commission of Oregon Staff (Staff) appreciates PacifiCorp's presentation and information provided at the 2019 IRP Public Meetings. Oregon Staff believes the Public Input Form is a valuable way to incorporate stakeholder feedback into the present IRP. By collectively addressing issues now, we can increase the efficiency of the regulatory process later. Accordingly, Oregon Staff requests that PacifiCorp both post and respond to all comments received by the next Public Input Meeting, unless otherwise specifically noted. If the volume and/or content of responses thus far is too onerous to complete prior to the next Public Input Meeting, PacifiCorp should at a minimum commit to a plan to address all feedback. Please note that Oregon Staff does not believe PacifiCorp is required to follow each stakeholder suggestion; rather, with such a large and diverse set of stakeholders, some input will invariably be impractical and/or unfeasible. It is important for the process, however, that all comments are addressed.

PacifiCorp Response:

Pursuant to the September 2018 public input meeting, PacifiCorp committed to providing a completed summary matrix of responses to feedback forms by October 31, 2018 with individual feedback form responses to be sent earlier.

Data Support: If applicable, provide any documents, hyper-links, etc. in support of comments. (i.e. gas forecast is too high - this forecast from EIA is more appropriate). If electronic attachments are provided with your comments, please list those attachment names here.
