

PacifiCorp - Stakeholder Feedback Form

2019 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2019 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

Date of Submittal 10/17/2018

*Name: Thomas Familia

Title: Sr. Renewable Analyst

*E-mail: thomasfamilia@state.or.us

Phone: 503-551-0531

*Organization: Oregon Public Utility Commission

Address: 201 High Street Suite 100

City: Salem

State: Oregon

Zip: 97301

Public Meeting Date comments address: 9/27/2018

*IRP Topic(s) and/or Agenda Items: List the specific topics that are being addressed in your comments.

Portfolio Discussion / Coal Studies Next Steps

Check here if any of the following information being submitted is copyrighted or confidential.

Check here if you do not want your Stakeholder feedback and accompanying materials posted to the IRP website.

*Respondent Comment: Please provide your feedback for each IRP topic listed above.

Public Utility Commission of Oregon Staff (Staff) appreciates PacifiCorp's presentation and information relating to the Portfolio Discussion / Coal Studies Next Steps presentations provided at the 2019 IRP Public Meeting held on Sept. 27-28, 2018. Staff offers the following comments requesting further clarity and additional information so as to more meaningfully participate in this process.

1. Relating to slide 99, will the Company please provide a definition, or a number of definitions being considered to differentiate, or in other words make "actionable", the inclusions of customer-driven renewable resources in the preferred portfolio.

PacifiCorp Response:

PacifiCorp will provide a progress update at the November 1, 2018 public input meeting, and address these topics at the December 3-4, 2018 public input meeting. The point of this slide is to communicate that portfolios will be modeled to include renewable resources expected to deliver output that meets or exceeds the annual volumes identified on slide 100.

2. At the November meeting, will the Company please provide an informed and detailed review of Case C-30: the stacked retirements of the two units with the highest and second highest early retirement benefit/cost ratios from the individual runs. Do particular cost factors, transmission complications, or otherwise point towards a more congruent combination of early retirements?

* Required fields

PacifiCorp Response:

PacifiCorp will provide a progress update at the November 1, 2018 public input meeting, and address these topics at the December 3-4, 2018 public input meeting.

Data Support: If applicable, provide any documents, hyper-links, etc. in support of comments. (i.e. gas forecast is too high

- this forecast from EIA is more appropriate). If electronic attachments are provided with your comments, please list those attachment names here.

[Click here to enter text.](#)

Recommendations: Provide any additional recommendations if not included above - specificity is greatly appreciated.
