

PacifiCorp - Stakeholder Feedback Form

2019 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2019 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

Date of Submittal 6/17/2019

*Name: Bridget Stewart

Title: Director

*E-mail: bstewart@westernwyoming.edu

Phone: (307)877-6958

*Organization: Oyster Ridge BOCES

Address: P.O. Box 423

City: Kemmerer

State: WY

Zip: 83101

Check here if any of the following information being submitted is copyrighted or confidential.

Check here if you do **not** want your Stakeholder feedback and accompanying materials posted to the IRP website.

***Respondent Comment:** Please provide your feedback for each IRP topic listed above.

As the Director of the Oyster Ridge BOCES, we are committed to doing what is best for our community. We value our small community and all that it has to offer. We are here to help educate the people of our community to help our community grow. Please give us the opportunity to retrain our people and find another sustainable form of employment for them. If we are not able to keep our people here in Kemmerer, because they cannot find work, our town will greatly decrease. All these disastrous events will lead to less and less funding for our community and our community will just continue to decrease. The BOCES receives 1/5 of its money from the Power Plant, this money goes to educate our youth. We spend over \$50,000 on books and supplies, dual enrollment, teacher education, and community education. Please postpone the closure of the Kemmerer Power Plant, so that we can try and save our small community.

Data Support: If applicable, provide any documents, hyper-links, etc. in support of comments. (i.e. gas forecast is too high - this forecast from EIA is more appropriate). If electronic attachments are provided with your comments, please list those attachment names here.

[Click here to enter text.](#)

Recommendations: Provide any additional recommendations if not included above - specificity is greatly appreciated.

- 1) Postpone closure until disastrous effects can be avoided, to help save our town;
- 2) Moderate impacts of closure by placing Kemmerer at the top of the list for alternative energy initiatives, i.e., conversion to gas, installation of wind generation facilities, etc.

* Required fields

Please submit your completed Stakeholder Feedback Form via email to IRP@PacifiCorp.com

Thank you for participating.
