

# PacifiCorp - Stakeholder Feedback Form

## 2021 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2021 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

Date of Submittal 2020-09-23

\*Name: Bryce Freeman

Title:

\*E-mail: bryce.freeman@wyo.gov

Phone: 3077775742

\*Organization: Wyoming Office of Consumer Advocate

Address: 2515 Warren Ave., Suite 304

City: Cheyenne

State: WY

Zip: 82002

Public Meeting Date comments address: 09-17-2020

Check here if not related to specific meeting

List additional organization attendees at cited meeting:

**\*IRP Topic(s) and/or Agenda Items:** List the specific topics that are being addressed in your comments.

Wyoming HB 200

Check here if any of the following information being submitted is copyrighted or confidential.

Check here if you do **not** want your Stakeholder feedback and accompanying materials posted to the IRP website.

**\*Respondent Comment:** Please provide your feedback for each IRP topic listed above.

At the September 17th meeting the Company addressed compliance with recently adopted legislation and rules in several states, including Wyoming. HB 200 adopted in the 2020 legislative session requires that Wyoming load serving utilities provide a portion of their retail electricity from low carbon thermal generation resources (CCUS). The WOCA strongly believes that the 2021 IRP should include at least a preliminary analysis regarding how the Company intends to comply with this legislation, including an analysis of existing Wyoming coal plants that are potentially suitable for such compliance.

### **PacifiCorp Response:**

PacifiCorp will evaluate the potential impacts of HB200. Specific cases and sensitivities will be discussed at a future public-input meeting.

**Data Support:** If applicable, provide any documents, hyper-links, etc. in support of comments. (i.e. gas forecast is too high - this forecast from EIA is more appropriate). If electronic attachments are provided with your comments, please list those attachment names here.

**Recommendations:** Provide any additional recommendations if not included above - specificity is greatly appreciated.
