

# PacifiCorp - Stakeholder Feedback Form

## 2023 Integrated Resource Plan

PacifiCorp (the Company) requests that stakeholders provide feedback to the Company upon the conclusion of each public input meeting and/or stakeholder conference calls, as scheduled. PacifiCorp values the input of its active and engaged stakeholder group, and stakeholder feedback is critical to the IRP public input process. PacifiCorp requests that stakeholders provide comments using this form, which will allow the Company to more easily review and summarize comments by topic and to readily identify specific recommendations, if any, being provided. Information collected will be used to better inform issues included in the 2023 IRP, including, but not limited to the process, assumptions, and analysis. In order to maintain open communication and provide the broader Stakeholder community with useful information, the Company will generally post all appropriate feedback on the IRP website unless you request otherwise, below.

How have new federal laws and Utah state laws shaped the IRP? Specifically, how has UT bill SB-224 affected the timeline for retirement of coal in Utah? Also, how does this bill affect the rate payer and the tax payer in Utah?

### Recommendations:

PacifiCorp Response (7/10/2024):

Assumptions for PacifiCorp's 2023 IRP Update were locked down before SB-224 was passed, so it had no impact on the retirement dates of coal resources in Utah, for example. Further discussion of legislative impacts and proposed sensitivities for the 2025 IRP will be included in the upcoming August and September public input meetings as these potential impacts are considered.

Please submit your completed Stakeholder Feedback Form via email to [IRP@PacifiCorp.com](mailto:IRP@PacifiCorp.com)
