# California Measure Installation Verifications

Pacific Power

# California Measure Installation Verifications

## Home Energy Savings

Site inspections by Program Administrator staff for the following retrofit and/or new homes measures. Inspections are performed on  $\geq 5$  percent of single family homes,  $\geq 5$  percent of manufactured homes, 100 percent of multifamily projects, and 100 percent of new homes projects.

- Air sealing
- Duct sealing
- Duct sealing and insulation
- Heat pump water heaters
- Insulation
- Windows

No site inspections are conducted for the following measures. However, all post-purchase incented measures undergo a quality assurance review prior to the issuance of the customer/dealer incentive and recording of savings (e.g. proof of purchase receipt review) and eligible equipment review. Additionally, customer account and customer address are checked to ensure the Company does not double pay for the same measure or double count measure savings.

- Central air conditioners
- Clothes washers
- Electric water heaters
- Evaporative coolers
- Heat pumps
- Ductless Heat Pumps
- Refrigerators

No site inspections are conducted for the following measures, which are delivered via an upstream, manufacturer buy-down model. Promotion agreement contracts are signed with manufacturers and retailers to set incentive levels, final product prices, and limits to the total number of units that can be purchased per customer. Program Administrator verifies measures for product eligibility and correct pricing. Pricing is also verified by Program Administrator field visits to retail locations.

- CFL bulbs
- LED bulbs
- Light fixtures
- Room air conditioners
- Advanced power strips

Customer eligibility for wattsmart Starter Kits is verified using the customer's account number and last name and cross-verifying with the current PacifiCorp customer database.

## Refrigerator Recycling

Company hired an independent inspector to phone survey  $\geq 5$  percent program participants and to site inspect  $\geq 5$  percent of program participants in order to verify program participation, eligibility of equipment, that vendor pick-up procedures were followed (equipment is disabled at site, kits distributed, etc.) and to survey customer experience.

## wattsmart Business

### Lighting projects

- Retrofits - 100 percent post-site inspections by program administrator of all projects with incentives over a specified dollar amount. Project cost documentation reviewed for all projects.
- New construction - 100 percent post-installation site inspections by third party consultant of all projects with incentives over a specified dollar amount.
- A percent of post-site inspections by program administrator of projects with incentives under a specified dollar amount.

### Non-lighting projects (typical upgrades where savings reported based on Unit Energy Savings values)

- 100 percent of applications with incentives that exceeds a specified amount will be post-inspected, either in person or via telephone interview, by program administrator.
- A minimum of a specified percent of remaining non-lighting applications will be post-inspected, either in person or via telephone interview, by program administrator.

### Non-lighting projects (typical upgrades/listed measures, custom measures)

- 100 percent of applications with savings that exceeds a specified amount will be inspected, either in person or via telephone interview, by program administrator.
- A minimum of a specified percent of remaining non-lighting applications will be inspected, either in person or via telephone interview, by program administrator.

## Appendix 2

### Energy Efficiency Alliance

Pacific Power

The following is a list of contractors, distributors and other businesses participating in Pacific Power's Energy Efficiency Alliance displayed in random order (unless sorted by the user) based on the search criteria selected. This listing is provided solely as a convenience to our customers. Pacific Power does not warrant or guarantee the work performed by these participating vendors. You are solely responsible for any contract with a participating vendor and the performance of any vendor you have chosen.

An asterisk (\*) indicates Pacific Power Outstanding Contribution Award winning trade allies in 2009, 2010, 2011, 2012 and/or 2013.

## Search Criteria:

**Selected State(s):** California  
**Specialties:** Lighting  
 HVAC - unitary  
 HVAC - evaporative  
 Motors and VFDs  
 Controls  
 Building envelope  
 Appliances  
 Office equipment  
 Food Service  
 Compressed Air  
 Farm and Dairy  
 Irrigation  
 Other  
**Business Type:** --ANY--
