DATA REQUEST

Request Date: February 19, 2026

Response Due: February 24, 2026 (noon, Pacific Standard Time)

To: Pooja Kishore
Regulatory Affairs Manager
PacifiCorp
503-813-7314

Originator: Alvin Trinh, Senior Wildfire Safety Analyst
Alvin.Trinh@energysafety.ca.gov

Data Request Number: OEIS-P-WMP-2026-PC-080

Subject: (External): OEIS-P-WMP-2026-PC-080

The Office of Energy Infrastructure Safety (Energy Safety) seeks to obtain information regarding inspections and asset maintenance. Provide the information and documents requested below according to their associated deadlines. If any data request responses become available at an earlier time, provide them upon completion. If you have any questions or concerns, communicate them as soon as possible to the below identified staff. This includes any questions related to the meaning or scope of the data requests, as described in the instructions below.

INSTRUCTIONS

- a. Please provide all information in your possession, custody, or control, or the possession, custody, and/or control of your affiliates or agents, that is responsive to these data requests by the due date identified above.
- b. Responses and documents may be produced and served electronically, but they shall be fully machine-readable and searchable.
- c. If you have any questions about the meaning or scope of the data requests herein, please direct such questions to the Energy Safety staff identified as the “Originator” of this request at your earliest opportunity.
 - i. Please note that a lack of clarity on the meaning or scope of requests, without prior request for clarification from the “Originator,” is not a valid reason for incomplete responses.
- d. Please provide the identity of the personnel (employees, consultants, agents, etc.) who provided information responsive to each of the data requests below. As used in this context herein, “identity” means to provide the full name, business address, and title of each employee, consultant, or agent who provided such information.
- e. Please provide data in their original format (i.e., PDF, Excel, GIS shapefile, etc.), unless otherwise specified in the request.
- f. Please send your response to Alvin Trinh (Alvin.Trinh@energysafety.ca.gov), and include a copy to:
 - i. AssetPerformance@energysafety.ca.gov
 - ii. Patrick.Doherty@energysafety.ca.gov
 - iii. Jeffrey.Lidicker@energysafety.ca.gov
 - iv. MaryBeth.Farley@energysafety.ca.gov

REQUEST

Electrical corporations conduct asset inspections as a result of WMP initiatives and outside of (or in addition to) WMP initiatives. This data request (DR) is asking for information on both.

Question 1: Please provide the total number of asset inspections performed, asset conditions found, and asset conditions resolved in 2024 and 2025. Asset conditions are inspection findings that lead to a work order. Conditions resolved totals should include conditions found from all prior years but were resolved in the year in question. The units for the table should be like those used in WMP inspection initiative definitions. For example, an WMP initiative might have a target of performing 1,000 inspections. The table below should use the same units.

Year	Number of Asset Inspections Performed	Number of Asset Conditions Found	Number of Asset Conditions Resolved
2024			
2025			

END OF REQUEST
