DATA REQUEST

Request Date: Friday, March 20, 2026

Response Due: Wednesday, March 25, 2026

To: Pooja Kishore, Regulatory Affairs Manager
Pooja.Kishore@pacificorp.com
PacifiCorp dba Pacific Power
825 NE Multnomah Street, Suite 2000
Portland, OR 97232

Cc: datareq@pacificorp.com
Melissa Swenson, PacifiCorp
Lakshmi Nair, PacifiCorp

Originator: Jolynne Flores, Wildfire Safety Analyst
Jolynne.Flores@energysafety.ca.gov

Data Request Number: OEIS-P-WMP_2025-PC-22

Subject(s):

- Q01. Regarding PacifiCorp's Opening Comments on PC-26B-19 Asset Management and Enterprise Systems
- Q02. Regarding PacifiCorp's Reassessment of Resource Allocation and Investment Priorities

INSTRUCTIONS

1. Provide all information in your possession, custody, or control, or the possession, custody, and/or control of your affiliates or agents, that is responsive to these data requests by the due date identified above.
2. Responses and documents may be produced and served electronically, but they must be fully machine-readable and searchable.
3. If you have any questions about the meaning or scope of the data requests herein, direct such questions to the Energy Safety staff identified as the “Originator” of this request at your earliest opportunity.
 - a. Lack of clarity on meaning or scope of requests without prior request for clarification to the “Originator” will not be a permissible reason for incomplete responses and will be regarded as non-compliance with the request.
4. Identify the personnel (e.g., employees, consultants, agents, etc.) who provided information responsive to each of the data requests below. As used in this context herein, “identify” means to provide the full name, email, business address, and title of each employee, consultant, or agent who provided such information.
5. If you do not know the exact answer to any of the requests below, please so indicate and provide your best estimate.
6. Provide data in its original format (e.g., Excel, GIS shapefile, etc.), unless otherwise specified in the request.
7. Submit your response to the 2026-2028 WMP Data Requests docket (#2026-2028-Base-WMP-DRs) by close of business on the response due date.
 - a. Submit confidential information through the confidential e-filing process. Do not submit confidential responses through email.
 - b. If you try to submit a file that is not permissible in the docket, please reach out to your Energy Safety “Originator”.
8. Email the non-confidential portion of the response to Jolynne Flores, Wildfire Safety Analyst Jolynne.Flores@energysafety.ca.gov, copying:
 - a. Dakota Smith (Dakota.Smith@energysafety.ca.gov)
 - b. Steve Kerr (Steve.Kerr@energysafety.ca.gov)
 - c. Johan Im (Johan.Im@energysafety.ca.gov)

REQUEST

Q01. Regarding PacifiCorp’s Opening Comments on PC-26B-19 Asset Management and Enterprise Systems:

On pages 5-6 of PacifiCorp’s Opening Comments to Energy Safety’s Draft Decision,¹ PacifiCorp stated that it has placed its enterprise asset management (EAM)-related data migration work on hold since its 2026-2028 Base WMP submission. Also, PacifiCorp stated that it cannot provide additional details on PC-26B-19 at this time due to a “reassessment of resource allocation and investment priorities,” which evaluate the timing and scope of major projects.

- a. Provide a timeline, including specific dates and milestones, for this reassessment of resource allocation and investment priorities.
- b. Describe the status of the EAM data migration project, including:
 - i. When it was placed on hold,
 - ii. The scope of work completed to date, and
 - iii. The key decision points that led to placing the project on hold.
- c. Describe the conditions that must be met for PacifiCorp to resume the EAM data migration project.
- d. PacifiCorp stated that it “cannot meaningfully articulate migration processes, timelines, thresholds, or system integrator roles” while the project is on hold. Clarify which of the following PC-26B-19 requirements PacifiCorp anticipates it will not be able to provide in its next Base WMP submission:
 - i. Its end-to-end data migration process, including how its system integrator supports the extraction, transformation, validation, and loading of asset inventory, inspection, and maintenance data from the legacy asset database system to the EAM system.
 - ii. Its data quality thresholds or quantitative acceptance criteria used to confirm data integrity, completeness, and accuracy.
 - iii. Its timeline for when PacifiCorp expects to begin and complete the full data conversion.
 - iv. Its post-implementation data verification process, including the scope of verification by its business unit, the criteria used to determine data completeness and accuracy, and how verification results are documented, approved, or governed.
 - v. Its end-to-end process for updating asset records in the EAM system following hardening or repair work, including how updates are verified and the expected timeliness for reflecting completed work in the system of record.
- e. Provide preliminary and planning-level materials for the EAM data migration project.

¹ [PacifiCorp Opening Comments on 2026-2028 Base WMP Draft Decision](https://efiling.energysafety.ca.gov/eFiling/Getfile.aspx?fileid=59778&shareable=true), Published March 18, 2026, URL:(<https://efiling.energysafety.ca.gov/eFiling/Getfile.aspx?fileid=59778&shareable=true>)

Q02. Regarding PacifiCorp’s Reassessment of Resource Allocation and Investment Priorities:

On page 6 of PacifiCorp’s Opening Comments to Energy Safety’s Draft Decision, PacifiCorp stated that it cannot provide additional details on PC-26B-19 at this time due to a “reassessment of resource allocation and investment priorities,” which evaluate the timing and scope of major projects.

- a. Provide documentation that directs the “reassessment of resource allocation and investment priorities” which evaluate the timing and scope of major projects.
- b. Describe all PacifiCorp 2026-2028 Base WMP wildfire mitigation work that may be affected by the “reassessment of resource allocation and investment priorities,” which evaluate the timing and scope of major projects.
