The Office of Energy Infrastructure Safety (Energy Safety) seeks to obtain information regarding inspections and asset maintenance. Provide the information and documents requested below according to their associated deadlines. If any data request responses become available at an earlier time, provide them upon completion. If you have any questions or concerns, communicate them as soon as possible to the below identified staff. This includes any questions related to the meaning or scope of the data requests, as described in the instructions below.

INSTRUCTIONS

- a. Provide all information in your possession, custody, or control, or the possession, custody, and/or control of your affiliates or agents, that is responsive to these data requests by the due date identified above.
- b. Responses and documents may be produced and served electronically, but they shall be fully machine-readable and searchable.
- c. If you have any questions about the meaning or scope of the data requests herein, direct such questions to the Energy Safety staff identified as the “Originator” of this request at your earliest opportunity.
 - i. Lack of clarity on meaning or scope of requests, without prior request for clarification from the “Originator,” will not be a permissible reason for incomplete responses and will be regarded as non-compliance with the request.
- d. Identify the personnel (employees, consultants, agents, etc.) who provided information responsive to each of the data requests below. As used in this context herein, “identify” means to provide the full name, business address, and title of each employee, consultant, or agent who provided such information.
- e. If you do not know the exact answer to any of the requests below, please so indicate and provide your best estimate.
- f. Provide data in its original format (i.e., PDF, Excel, GIS shapefile, etc.), unless otherwise specified in the request.
- g. Send your response to Mohamed.Allahabi@energysafety.ca.gov, and include a copy to:

REQUEST

2023 ARC WMP Work: Per PacifiCorp’s (PC) approved 2023 WMP base plan [**February 22, 2024**], PC refers to initiative activity work it planned to perform within the 2023 compliance year. Review data request question and provide responses as directed. Attached is a spreadsheet [**PC-Data Request Due 11-22-2024**] listing several initiative and applicable WMP statements for planned work.

- 1) Energy Safety requests that PC populate the Normalization Metrics tab in the attached spreadsheet and revise the quarterly data report tabs within the remainder of the spreadsheet to ensure all data up to and including the 2023 compliance year is accurate, corrected, and has been verified as of the date of this data request. Return the attached spreadsheet [**PC-Data Request Due 11-22-2024**] with the requested information no later than November 22, 2024.
