

**TRANSMITTED VIA ELECTRONIC MAIL**

**DATA REQUEST**

**Request Date:** December 24, 2024

**Response Due:** January 31, 2025

**To:** Pooja Kishore  
[Pooja.Kishore@pacificorp.com](mailto:Pooja.Kishore@pacificorp.com)  
Regulatory Affairs Manager  
PacifiCorp  
503-813-7314

**Originator:** Eric Ow, Senior Wildfire Safety Analyst  
[Eric.Ow@energysafety.ca.gov](mailto:Eric.Ow@energysafety.ca.gov)

**Data Request Number:** Energy Safety-DR-309

**Subject: (External): Energy Safety DR-309**

The Office of Energy Infrastructure Safety (Energy Safety) seeks to obtain information regarding inspections and asset maintenance. Provide the information and documents requested below according to their associated deadlines. If any data request responses become available at an earlier time, provide them upon completion. If you have any questions or concerns, communicate them as soon as possible to the below identified staff. This includes any questions related to the meaning or scope of the data requests, as described in the instructions below.

**OFFICE OF ENERGY INFRASTRUCTURE SAFETY**

Caroline Thomas Jacobs, Director

715 P Street, 20th Floor | Sacramento, CA 95814

916 902-6000 | [www.energysafety.ca.gov](http://www.energysafety.ca.gov)

**INSTRUCTIONS**

- a. Please provide all information in your possession, custody, or control, or the possession, custody, and/or control of your affiliates or agents, that is responsive to these data requests by the due date identified above.
- b. Responses and documents may be produced and served electronically, but they shall be fully machine-readable and searchable.
- c. If you have any questions about the meaning or scope of the data requests herein, please direct such questions to the Energy Safety staff identified as the “Originator” of this request at your earliest opportunity.
  - i. Please note that a lack of clarity on the meaning or scope of requests, without prior request for clarification from the “Originator,” is not a valid reason for incomplete responses.
- d. Please provide the identity of the personnel (employees, consultants, agents, etc.) who provided information responsive to each of the data requests below. As used in this context herein, “identity” means to provide the full name, business address, and title of each employee, consultant, or agent who provided such information.
- e. Please provide data in their original format (i.e., PDF, Excel, GIS shapefile, etc.), unless otherwise specified in the request.
- f. Please send your response to Eric Ow ([Eric.Ow@energysafety.ca.gov](mailto:Eric.Ow@energysafety.ca.gov)), and include a copy to:
  - i. [Compliance@energysafety.ca.gov](mailto:Compliance@energysafety.ca.gov)
  - ii. [MaryBeth.Farley@energysafety.ca.gov](mailto:MaryBeth.Farley@energysafety.ca.gov)
  - iii. [Jeffrey.Lidicker@energysafety.ca.gov](mailto:Jeffrey.Lidicker@energysafety.ca.gov)
  - iv. [Thomas.Genova@energysafety.ca.gov](mailto:Thomas.Genova@energysafety.ca.gov)

**REQUEST**

Electrical corporations conduct asset inspections as a result of WMP initiatives and outside of (or in addition to) WMP initiatives. This data request (DR) is asking for information on both.

**Question 1:** Please provide the total number of asset inspections performed for each of the categories specified in the table below. The units for the table should be like those used in WMP inspection initiative definitions. For example, an WMP initiative might have a target of performing 1,000 inspections. The table below should use the same units. Finding Severity Level is defined by General Order 95, Rule 18(B)(1)(a) as:

1. **Level 1** – an immediate risk of high potential impact to safety or reliability requiring immediate corrective action,
2. **Level 2** – any other risk of at least moderate potential impact to safety or reliability requiring corrective action no later than 36 months, and
3. **Level 3** – any risk of low potential impact to safety or reliability requiring corrective action within 60 months with some exceptions.

WMP Assoc.	Finding Severity Level	Number of Inspections Performed in 2019	Number of Inspections Performed in 2020	Number of Inspections Performed in 2021	Number of Inspections Performed in 2022	Number of Inspections Performed in 2023
As a result of an WMP Initiative	No Finding Found					
As a result of an WMP Initiative	Level 1					
As a result of an WMP Initiative	Level 2					
As a result of	Level 3					

an WMP Initiative						
Outside of an WMP Initiative	No Finding Found					
Outside of an WMP Initiative	Level 1					
Outside of an WMP Initiative	Level 2					
Outside of an WMP Initiative	Level 3					

**Question 2:** Please provide a record of each asset inspection finding from 2015 to 2023 in the attached MS Excel worksheet (Data Request on Findings and Fixings Q2.xlsx). As the number of rows/findings will be large, please provide a unique identification number for each finding (of EC’s design), the date of the finding, the severity level of the finding as defined in Question 1, indicate if the finding is as a result of a WMP initiative inspection and if so which WMP year along with the initiative identification number and name, the date the finding was fixed (if fixed), if the finding is on a distribution or transmission line, and the HFTD tier of the finding. The WMP year is requested as it may not match the year in which the finding was created.

**END OF REQUEST**
