

CalAdvocates Data Request 5.1

The following questions relate to your 2023-2025 WMP submission.

If a full response to a given question will be included in your WMP submission, your response to that question of this data request may consist of a citation to the specific page(s) or table(s) of the WMP where the information may be found, a written response to the question, or both.

Risk Modeling:

- (a) Have you identified transportation corridors within your service territory where falling or failing lines or poles could currently limit egress and/or ingress during an emergency?
- (b) If the answer to part (a) is yes, please describe how you identify such transportation corridors.
- (c) If available, please provide a geospatial data file that contains all current identified transportation corridors with ingress and egress hazards.

Response to CalAdvocates Data Request 5.1

- (a) No. Pacific Power has not identified transportation corridors within its service territory where falling or failing lines or poles could limit egress or ingress during an emergency.
- (b) Not Applicable.
- (c) Not Applicable.
