2023WMP-06 / PacifiCorp April 24, 2023 CalAdvocates Data Request 6.1

CalAdvocates Data Request 6.1

The following questions relate to your 2023-2025 WMP submission.

If a full response to a given question will be included in your WMP submission, your response to that question of this data request may consist of a citation to the specific page(s) or table(s) of the WMP where the information may be found, a written response to the question, or both.

Vegetation Management (VM)

Provide your workplan that describes where you will undertake Enhanced Overhang Protection on circuits in 2023. This workplan should be in an Excel format, with circuit-segments as rows. Please include the following information in separate columns in the Excel spreadsheet at a minimum:

- (a) Circuit name
- (b) Circuit ID number
- (c) Circuit-segment name
- (d) Circuit-segment ID number
- (e) Circuit-mileage to be completed in 2023
- (f) Risk ranking of circuit-segment.

Response to CalAdvocates Data Request 6.1

Please refer to Attachment CalAdvocates 6.1. Note: The enhanced overhang reduction project will be implemented within the allocated budget, and the volume of work conducted will be a function of the cost per mile realized.

| Circuit name | Circuit ID number | Circuit-segment name | Circuit-segment ID number | Facility Point Start | Facilty Point End | Approximate circuit-mileage to be completed in Risk ranking of circuit-segment. |
|--------------|-------------------|----------------------|---------------------------|----------------------|-------------------|---|
| | | | | | | Pacific Power is currently working on |
| | | | | | | calculating its composite risk score and |
| | | | | | | therefore cannot provide circuit |
