

CalAdvocates Data Request 6.8

The following questions relate to your 2023-2025 WMP submission.

If a full response to a given question will be included in your WMP submission, your response to that question of this data request may consist of a citation to the specific page(s) or table(s) of the WMP where the information may be found, a written response to the question, or both.

System Hardening

For each of your 2023-2025 WMP system hardening initiatives, please provide disaggregated information related to expenditures and circuit miles treated in the attached table, CalAdvocates-PacifiCorp-2023WMP-06-Attachment. Add columns as needed.

Note: For the purposes of this question, “line removal” refers to conductors that are permanently removed without replacement – for instance, as part of a remote grid project. “Line removal” should be understood to be identical to part (k) of questions 6 and 7 above.

Response to CalAdvocates Data Request 6.8

The Company assumes that the reference to “part (k) of questions 6 and 7 above” is intended to be references to CalAdvocates Data Request 6.6 subpart (k) and CalAdvocates Data Request 6.7 subpart (k). Based on the foregoing assumption, the Company responds as follows:

Please refer to Attachment CalAdvocates 6.8.
