

CalAdvocates Data Request 6.9

The following questions relate to your 2023-2025 WMP submission.

If a full response to a given question will be included in your WMP submission, your response to that question of this data request may consist of a citation to the specific page(s) or table(s) of the WMP where the information may be found, a written response to the question, or both.

System Hardening

Please provide a spreadsheet listing (as rows) each undergrounding project completed¹ during the period of January 1, 2022, through December 31, 2022. For each project, please provide the following information (as columns):

- (a) Project ID number or other identifier
- (b) Circuit ID
- (c) ID of each circuit segment that was entirely undergrounded in the project
- (d) ID of each circuit segment that was partially undergrounded in the project
- (e) County or counties where undergrounding took place
- (f) Project start date
- (g) Project completion date
- (h) Total circuit-miles undergrounded
- (i) Total miles of trenching required
- (j) Total life-cycle electric costs² of the project (i.e., costs attributed to your electric facilities), including costs for planning, design, permitting, and construction
- (k) Total life-cycle costs of the project, including costs attributed to non-electric utilities, including costs for planning, design, permitting, and construction
- (l) Whether this was a Rule 20 project (yes/no)
- (m) Whether this was a WMP project (yes/no)
- (n) Whether this was a post-wildfire rebuild project (yes/no)
- (o) Whether you shared trenches for this project with any telecommunications utilities (yes/no)
- (p) Whether you shared trenches for this project with gas facilities (yes/no).

¹ For purposes of this question and the following question, “completed” means a project has fully completed the construction phase.

² For purposes of this question and the following question, “life-cycle costs” refers to the start-to-finish costs to complete the capital project, from planning to the end of construction. This does not include maintenance or operational costs after the underground infrastructure is complete and in use.
